He carried a watch keeping Wellsville time.

THE MADDENED SKIPPER

The Friends of the Injured Man Searched For the Captain In Vain.

THREW CHAIRS OVERBOARD.

An excursionist who went to Steubenville on the excursion barge yesterday returned home last evening with a deep cut in his head, alleged to have been done by the captain of the towboat, R. L. Aubrey, which was towing the barge. James Brown, who was connected with the arrangements for the trip, was seen this morning, but he was unable to give any names. Mr. Brown gave the following account of the affair:

"It was on the return trip, when some one accidentally stepped on the captain's toes. He swore at the person who done it, and without any cause from what I can learn pulled a hatchet from his pocket and struck the individual on the head. I tried to find out the names, but could not do so."

The excursion left the Broadway wharf at 10:15 yesterday morning and returned at 10:10 last evening. Many who went down in the morning returned home on the train at 4:10 yesterday afternoon. Others arrived on the early morning train.

When the boat was nearing this city a number of chairs were thrown overboard by friends of the young man who was injured. An attempt was made to find the captain, but he hid in a place of safety.

"A LITTLE LEAVEN."

The Evangelist Demonstrates the
Fact That "A Little Leaven Leav-
enth the Whole Lump."

This was the topic of Evangelist
Duncan MacGregor on Sabbath morn-
ing, at the First M. E. church, and
the subject was splendidly handled,
meeting with the warm approbation
of his hearers. The secret of the
power of the evangelist rests in the
fact that he preaches Christ and Him
crucified to the people. His whole
aim is apparently the leading of the
multitude to the higher and better
life, following in the footsteps of the
meek and lowly Nazarene.

Congregational singing, led by
Chorister Phillis, was a very pleas-
ing feature of the morning service.

Evangelist MacGregor will address
the meeting at Y. M. C. A. hall to-
night. You have a warm welcome
awaiting you.

Ill in Pittsburg.

John G. Quay, who left this city
for Colorado several years ago, re-
turned to Pittsburg last week to at-
tend a convention. While in Pitts-
burg he had several hemorrhages
and is very ill in that city. He has a
host of friends here who will be pain-
ed to hear of his illness and hope for
his speedy recovery.

HE QUIT DRINKING.

The Sight of a Drunken Comrade
Saved Him From
the Curse.

Say, drinker and drunkard, you
know him well. He resides in this
immediate neighborhood and has a
host of friends and acquaintances.
He is possessed of ample funds and
can take life easy. Fifteen years
ago he was a moderate drinker and
was on the danger line, the overstep-
ping of which means a drunkard's
doom. In the transaction of business
he was accosted by a friend, the lat-
ter being ingloriously drunk and pre-
sented a most disagreeable, disgust-
ing and abhorrent sight. The effect
was magical upon our fellow citizen,
and he made mental comment:

"Jack is in an awful condition. Is
it possible that I may fall to his
depth? Will I so lose my will power
and self respect as to become a com-
mon drunkard and an outcast? Jack
was once a noble fellow and made
and held friends on every hand, and
now he is away down, almost be-
hind hope. I'll take no chances.
God helping me, I'll drink no more."

And he kept his word, and from
that day unto this he has been a
total abstainer and a successful busi-
ness man, esteemed and respected on
every hand.

THREE PEOPLE WERE ARRESTED

Two Men and a Woman Created a Disturbance Near Lyth's Yesterday.

THE EAST LIVERPOOL POLICE

Went to the Rescue and the Two Were Safely Landed In the City Jail.

IT COST THEM EACH \$9.60.

The police of this city went almost to Wellsville yesterday to do business. They were rewarded for their efforts by capturing three people who were violating the law.

Yesterday afternoon Constable Thorne and another officer from Wellsville notified Chief Thompson that two men and a woman were drunk and having a first-class noisy time at a house a short distance this side of the Lyth sewer pipe works. Chief Thompson, Officers Mahony and Morris and the two Wellsville policemen took a street car ride to the house in question and arrested David Wallace, H. N. Anderson and Lena Carman. The whole push were very drunk and were creating a disturbance by singing and otherwise enjoying themselves. They were brought to this city and placed in the city jail, and when they faced Mayor Davidson he fined them each \$9.60. They made arrangements to pay and were released.

SOUTH SIDE.

A New School House.

Before the next term of school begins Chester will have a new school building. This was the decision reached by the board of education at the meeting held at A. G. Pugh's office last Saturday. The old building will be sold.

The committee reported favorably on a site on Indiana avenue, a number of lots now owned by Gardner & Hobson. The location has not been made, but it is likely that it will be on the site named or near there. The site is an ideal one, as it is on high and level ground and near the center of population. The building will be two stories high and will have four rooms and the plans will be drawn with a view to making additions should they become necessary, which is likely to be the case within a few years. The probabilities are that the building will be built of brick with stone trimmings and with all modern improvements. Several of the members of the board said they believed this plan would be satisfactory to the majority of the taxpayers of the district.

Got the Money.

Some time ago George W. Hunter left Chester owing Peter Nofcier a board bill contracted while he was working at the pottery. It was learned that Hunter was in New Cumberland, and Thomas Bambrick was sworn in as deputy constable and drove to the county seat armed with the papers necessary to come back with either Hunter or the money. Hunter tried to persuade Mr. Bambrick to allow him to send the money next week, but Tom wouldn't have it that way, insisting that he pay the bill and costs or come back to Chester. He finally paid the bill of \$11.42 and costs, amounting to \$5.

Constable Has Levied.

In the case of A. W. Creese vs. S. D. Caines before Squire W. C. Johnston, judgment was rendered for the plaintiff. Constable R. E. Allison has levied on a boiler belonging to the defendant and will sell the same to satisfy the judgment.

Bills Allowed.

The board of education at their meeting Saturday allowed 20 bills. The total amount ordered paid was about \$250.

Working the Roads.

Road Surveyor A. G. Pugh has a force of men at work this week on the roads in and about Chester.

The First Boiler.

The first boiler for the pottery arrived last week. It is a six-ton boiler and has been placed in position.

Robert Marshall is about ready to move into his new home.

W. P. Davis is assisting Mr. Good for several days.

EAST END.

A Good Suggestion.

At the meeting of council tomorrow evening it is probable that Councilman John L. Arnold will suggest that the small street through which Lakes run flows to the Pennsylvania avenue culvert revert to the original property owners. This street is so small that, should council decide to erect a bridge over the run from Pennsylvania avenue to High street, there would be no street there. There is some talk of changing the course of this run and have it come down the hollow below the Dixonville road.

A Partial Record.

Since Assessor Grant McDade has been at work the following is a partial list of his work: During the past year there have been 24 births and but 9 deaths. So far 22 soldiers reside in the suburb, who either served in the civil or Spanish-American wars. The assessor has found many persons who admit they own dogs and bicycles, but as last year's records are not made known now, no estimate as to either an increase or decrease can be obtained.

Received Bad News.

Sunday afternoon Dr. W. E. Mowen received a telegram from Deerfield, Stark county, announcing the serious illness of his father. He left for Deerfield on the afternoon train Saturday. Dr. Mowen is of the opinion his father's illness may prove fatal, as he is 76 years old. Arrangements have been made to have Mr. and Mrs. Mowen reside in East End and their household goods have arrived here. They expected to arrive here tomorrow.

To Establish a Grade.

This week a grade will be established on Boyce street, extending from Pennsylvania avenue to Elm street, and as a result the street will be 18 inches higher than it is at present. Since the street will be graded John Smith will raise his residence four feet. This is the first grade to be established on this street.

Personals.

Mrs. R. J. Marshall and children spent Sunday with relatives in Beaver.

On Saturday the following persons spent the day in Pittsburg: Mr. and Mrs. Joseph Pollock, Mr. and Mrs. David Dowling and Mrs. William H. Kinney.

Among the Sick.

Porter Herbert, a turner at the Laughlin pottery No. 2, is ill at his home on Maple street.

A small son of Mr. and Mrs. Deringer, of Helana, who has been ill for some time, is recovering.

Will He Get It?

Since the residents of this part of the city want a justice of the peace, several persons have been mentioned for the office. Many have said that Grant McDade will be a candidate for the office.

Back to Work.

J. B. Martin, of First avenue, who has been off duty on account of serious illness for several weeks, returned to his work at the new Laughlin pottery this morning.

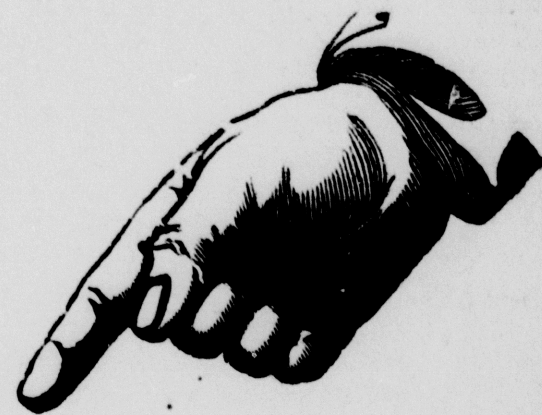

Improvements.

Will Andrews is making some extensive repairs on his residence on First avenue.

MACGREGOR HITS OUT.

Duncan MacGregor, the evangelist, hits out at the liquor traffic straight from the shoulder. He does not believe that the distiller, brewer, saloonkeeper or bartender is a good fellow. He believes that, while engaged in his nefarious traffic, he is a devil in human guise, seeking to destroy the bodies and souls of his fellow men.

SUNDAY EXCURSIONS.

They are simply an infamy, and no man or woman professing Christianity should patronize them. In fact, judging from the conduct on board the boat excursions yesterday from this place and from Wheeling, no self-respecting man or woman should pat-

ronize any such excursions. The party in charge of the excursion from this place desired to advertise the same in the News Review, but the advertisement was refused, and all such advertising will be refused these columns in the future. There should be some legal process by and through which such shameless excursions may be brought under the ban of the law and the projectors thereof, in company with participants therein, be punished to the limit.

THE POLICE RULES.

With an efficient police force, there is no reason why the proposed amendment to the police rules withdrawing the prohibition of officers from entering saloons for the purpose of general observation, should not be adopted, although with an unreliable and inefficient force it is easy to see how such permission might be used to cover violations of duty. Given permission to enter saloons for general observation, the officers will be better able to keep an eye on these places and the proprietors will be more careful in the way their places are conducted. As the rules now stand an officer is actually prohibited from entering a saloon unless with a warrant or when called to suppress existing disorder. The fact that this exactly suits the law breaking saloonkeeper is all the more reason for the amendment.

MOUNTAIN OF FIRE.

A Fine Audience Greeted Evangelist
MacGregor at the First
M. E. Church.

Evangelist Duncan MacGregor occupied the pulpit of the First M. E. church on Sunday, morning and afternoon.

A fine audience was present on each occasion. In the afternoon service, the pastor, Dr. Clark Crawford, had charge, and he made a brief introductory address. Chorister Phillips added to the pleasure of the occasion in the rendering of an appropriate solo. Miss Pearl Sebring delighted the audience in service of song. A trio, composed of Miss Margaret Baxter and Messrs. Foutts and Laughlin made exquisite harmony. The song service was all that could be desired, Miss Goldie Weaver presiding at the organ.

Dr. J. C. Taggart led in prayer, asking God to bless the speaker and to raise up human instrumentalities that should aid in the annihilation of the liquor traffic.

"The Mountain of Fire in American Civilization" was the theme of the eloquent evangelist, and he handled it in a manner which won him the warm commendation of every man and woman present who hates the liquor curse that has its fangs fastened up the very vitals of this great nation. Duncan MacGregor speaks right out in his denunciation of any and every man who is engaged, directly or indirectly, in the liquor traffic, and denounces both Democratic and Republican parties for their coalition with the monster curse of the century, a blight upon our nation and upon Christian civilization.

Mrs. Howard, President of the Woman's Christian Temperance union, accompanied by a large delegation of members of the organization, occupied seats in the center aisle. Mrs. Howard states that the local association is now out of debt and has a live membership of some 88 members.

Resigned His Position.

Ex-Councilman Seckerson has resigned his position as foreman of the decorating department of the Keswick pottery, Fallston, and has returned to the city. He reports that the Keswick is doing well and has plenty of orders.

MAGIC CITY OF CHESTER

The Chester Rolling Mill lands have again been placed on the market. Last fall and summer there were sold out of this company's tract forty-five thousand dollars' worth of property.

Since then the property has not been on the market. It is again offered to the people without any advance in the prices or terms, notwithstanding the fact that since then there has been located in Chester and now in process of erection the following plants: The Taylor, Lee & Smith Pottery company, which will employ 300 hands; The Knowles China company, 200 hands; The C. A. Smith Foundry and Machine company, 50 hands; the Chester Electric Light and Power company and the City Water Works system, which will employ in the neighborhood of from 25 to 30 men, and lastly, but not least of these industries, is the Chester Rolling Mill Company, which will employ 500 men, and be placed in operation early this coming June.

From the above enumerated industries we are insured a city of several thousand people for Chester inside of the coming year, and the person who is fortunate enough to get hold of a few of these lots is bound to make money, as these lots will double in value inside of the coming year.

Our lots are large and our prices low, and terms easy, namely, 10 per cent down and balance to suit the purchaser.

There never was a time in the history of East Liverpool or the Ohio valley which offered such favorable returns on the investment. For further information call on or address J. E. McDonald, who can be found on the property at all times during the day.

BRITISH CAPTURE WINBURG

WAR OFFICE ANNOUNCES ANOTHER VICTORY.

Roberts Reports British Have Captured Boers Stronghold Across the Little Vet River.

London, May 7.—(Special.)—The war office has just received a dispatch from Lord Roberts stating that the British forces this morning captured Winburg.

Winburg is 10 miles across the Little Vet river, which Roberts reported having crossed Saturday, and is 75 miles northeast in a direct line from Bloemfontein, although by the course taken by Pole Carew's division, with which Lord Roberts is marching, the distance is nearly double that.

Winburg is about 125 miles from the Transvaal frontier and 225 from Pretoria. The advance by this line indicates that Roberts hopes to cross the frontier between the Orange Free State and the Transvaal by the eastern passes, forming a junction with Buller's command near Majuba Hill.

Paid For His Joke.
The editor is fond of a joke and has the good sense to appreciate one at his own expense. A few weeks ago he was walking with a friend, and at the corner of a busy thoroughfare he saw a dilapidated looking Hibernian standing at the opposite corner gazing listlessly into vacancy.

"Watch me surprise this old fellow," said he to his friend. "Look right into his face and see if it won't be a study." A second later they were abreast of the son of Erin, and the editor pulled out a silver coin and said as he thrust it into the man's hand: "Here's that half a crown I owe you. Now, don't go round any more telling people that I don't pay my debts."

For a second the man's face was a study. He was amazed at the unlooked for kindness, and then, as its purport dawned on him, he raised his hat and said: "Heaven bless yer 'onner! I'll never say another word ag'in ye. But," and his eyes twinkled merrily, "are ye sure it wasn't a crown ye owed me?" The friend roared: "Oh, pay the man in full! Don't try to beat him out of a paltry half crown." The Irishman got his crown, but the editor no longer pays his debts at sight now.—London Telegraph.

ROYAL NAMES A HOODOO

One of the Strongest Superstitions of the English Navy.

One of the very strongest and most inextinguishable of all superstitions in the royal navy, a superstition that is almost as strong today as ever it was, is that vessels bearing the names of royal personages are doomed to ill luck and, strange as it may seem, there is an undeniable historic basis for this feeling.

Some of the most terrible disasters ever known in connection with our navy have concerned war vessels with royal names. Two vessels called the Royal James came to disastrous ends. One of them exploded, and some 800 officers and seamen perished. The other ship so named was actually carried out of the mouth of the Thames by the Dutch Admiral de Ruyter under circumstances disgraceful to those in charge of the craft.

Then there is the forever memorable disaster to the Royal George, an unlucky ship previously, that turned over and sank in sight of crowds at Spithead, over 1,000 souls, among whom were 300 women, being sacrificed. And second only to this hideous disaster is that which afterward befell the Royal Charlotte, which, after a career of much vicissitude, was consumed by fire off Leghorn, over 800 of the very flower of the navy perishing with her.

When in 1833 the Victoria, a new vessel and the very triumph of modern invention so far as naval architecture went, was rammed and sank at once in sight of the whole fleet and when hundreds of lives were lost, there was not a sailor, however matter of fact he might be, who did not remember the dire fate of the royally named craft. These instances are only the greater ones. A score of smaller ones are recalled off by every royal navy man.—Tit-Bits.

IT BLOSSOMS ONLY ONCE.

There is a century plant in one of the Prospect park greenhouses, New York, which is expected to bloom some time in June, says the Baltimore News. It is being watched with great interest. The flowering stem has already reached a height of 10 feet and will probably grow to a height of 25 feet before the blossom breaks forth. When the flower fades away, the plant will die and be of no more use. The plant was formerly the property of John Hoey of Long Branch.

A MATE FOR BRYAN.

Towne Decided Upon by the Fusion Leaders.

CONFERENCE HELD IN CHICAGO.

Johnson, Campan, Butler, Weaver, Pettigrew and Dubois Were Present—Bryan Did Not Attend—Going to His Farm, He Said, For a Rest.

CHICAGO, May 7.—Bryan and Towne—that was the way the probable Democratic, Populist and Lincoln Republican National ticket was framed up as the result of a conference between leaders of the three parties at the Sherman House.

The Populist representatives at the conference were Senator Marion Butler, of South Carolina, chairman of his party's national committee; General J. B. Weaver, of Iowa, and Congressman George Shibly, of Virginia. The Republicans were represented by Senator Pettigrew, of South Dakota, and ex-Senator George Dubois, of Idaho.

The Democratic representatives at the conference were Vice Chairman J. G. Johnson, of the national committee, and Daniel J. Campan, of Detroit, national committeeman from Michigan. Colonel W. J. Bryan was not present.

"I am not interesting myself in the vice presidential nomination," he said. "I have seen the men of the three parties present in the city to-day, but I am not saying anything regarding conferences. I'm going home for a two-months' rest on my farm."

The Populist plan does not contemplate the nomination of Mr. Towne at the national convention this week in Sioux Falls, S. D. The program of the leaders, so far as leaders of the Populists can lay out the work for a convention, contemplates the nomination of Bryan without naming anyone for second place.

The convention, it was stated, will be asked to name a committee to attend the Democratic and Silver Republican conventions in Kansas City. This body will be empowered to ratify the nomination of the two parties, which are expected to agree on a national ticket; but in case of their failure to put up a satisfactory running mate for the Nebraska statesman, it will be authorized to name a Populist candidate.

OPPOSED TO FUSION.

Some Middle-of-the-Road Leaders at Cincinnati, For Convention That Meets Wednesday.

CINCINNATI, May 7.—The advance workers for the national convention of the Middle-of-the-Road Populists, which meets here Wednesday, are all opposed to fusion. J. A. Parker, secretary of the national committee of the Middle-of-the-Roaders, who has been here several weeks arranging for the convention, was joined by many others.

They claim they represent a large majority of the People's party, that in the contests at state conventions the Sioux Falls fusionists carried less than 300 of the 975 delegates, and that the convention at Sioux Falls this week will be one of excursionists with a minority of delegates, as they claim that over two-thirds of the delegates were instructed by their states for the Cincinnati convention, which will "keep in the middle of the road."

They also claim that their call is in accord with the Omaha rule of 1892, excluding all officeholders, and charge that the Sioux Falls convention is in charge of Senators Butler, Pettigrew and other officeholders, the same as Republican and Democratic conventions.

Secretary Parker said in part:

It is well recognized by all people, whether they be Populists or not, that the Cincinnati convention represents the real Populist movement. It is equally well known that the Sioux Falls convention is simply an adjunct to the Democratic party. This accounts for the unanimity with which Populists in every section have repudiated the call for the latter convention and endorsed the Cincinnati movement.

The Sioux Falls convention cannot deliver a vote to Bryan that would not go to him as the regular Democratic nominee. Any action that the Sioux Falls convention may take will only embarrass Bryan and give his enemies in the Democratic party a chance to hammer him. He would be much stronger as a thorough Democratic candidate than as a fusion candidate, and if the leaders of the Sioux Falls convention were really for Bryan they would go about the matter in a way to accomplish his election. They would openly join the Democratic party and help to elect its nominee.

But they are not so much for Bryan as they are for themselves, and they are working the fusion racket more with an eye to getting Democratic support for the state and other offices they hold and expect to hold than for any love of Bryan. Why, this idea was boldly argued in the committee on resolutions at Raleigh, in the North Carolina convention, which caused Harry Skinner to attack Senator Butler for his insincerity.

Asked about the charge of Senator

Pettigrew that Senator Hanna was helping the convention, Mr. Parker said it was false.

THE DEWEYS IN MEMPHIS.

Backwoods Tennesseean Presented "Captain Dewey" With Flowers, Which His Little Girls Gathered.

MEMPHIS, May 7.—The celebration in honor of Admiral and Mrs. Dewey began today and extends through tomorrow. Memphis is full of visitors, and nearly every downtown business house is profusely decorated in the national colors.

At South Fork, Tenn., Sunday, en route to this city, where the engine stopped for water, Admiral Dewey was standing alone in the rear of his car when suddenly an old gentleman, evidently a farmer, rode up and asked: "Is Captain Dewey on this train?"

The admiral smiled and replied: "Yes, I am Captain Dewey. What do you want?"

"Are you the fighting man I've heard so much about?"

"Well, yes, I reckon so," replied the admiral.

"Well, I knew the train would stop here for water," said the farmer, "and my little girls gathered these flowers in the woods for you. We ain't city people, but I thought you'd like them, so I rode over and fetched them to you."

EARLY ADJOURNMENT.

Sentiment In Both Houses For Congress to End Next Month Forecast For the Week.

WASHINGTON, May 7.—The attention of the house this week will be occupied with various miscellaneous matters, except such time as may be devoted to the consideration of conference reports on appropriation bills, which will be given the right of way. The desire for an adjournment early in June makes it absolutely necessary to expedite the supply bills. The most important piece of general legislation to be acted upon during the week will be the amended senate bill to amend the general pension laws.

This bill was amended at the request of prominent G. A. R. officials and is known as the G. A. R. bill. The principal changes it purposes in existing law are provisions for aggregating disabilities and equalizing ratings and to increase the limit of income of widows pensionable under the act of 1890 to \$250. This bill will be placed upon its passage today under suspension of the rules.

TO END BOER WAR.

Teller Will Try to Force His Resolution to Early Vote In the Senate.

WASHINGTON, May 7.—Routine business probably will occupy the greater part of the senate's attention during the present week. The resolution offered by Mr. Teller expressing sympathy for the Boers and a desire that the government extend to both Great Britain and the South African republics its friendly offices in bringing the present war to a close may be called up today. It is the intention of the Colorado senator to press his resolution to an early vote. It probably will be referred to the committee on foreign relations, but Mr. Teller will insist that it be reported in some form at an early date.

Mr. Hale, either today or tomorrow, will bring forward the naval appropriation bill.

On Thursday the Montana senatorial case will be called up, but it will not be allowed to interfere with the consideration of the appropriation bills. It is the undoubted purpose of the senate leaders to bring about an adjournment early in June, the first week, if possible, and unless the unexpected should happen, nothing will be permitted to delay adjournment before the middle of June.

WEATHER FORECAST.

Ohio and Western Pennsylvania—Showers today and probably tomorrow; winds mostly fresh northeasterly.

West Virginia—Showers and thunderstorms today and probably tomorrow; cooler Monday in northwest half; variable winds.

GARCIA IS CAPTURED.

Rebel, Next In Authority to Aguinaldo, a Prisoner.

REIGN OF TERROR IN ISLANDS.

Former Consul Wildman Asserts He Has Such Information From Private Sources. Marauding Bands Sweep Interior—The U. S. Force Too Small to Keep Order.

MANILA, May 7.—General Fantelen Garcia, the highest insurgent officer except Aguinaldo, was captured by Lieutenant H. V. Smith, of General Funston's staff, in the town of Jaen, three miles northeast of San Isidro, province of New Ecija.

NEW YORK, May 7.—Edwin Wildman, former vice consul at Hongkong, contributes an article on "A Reign of Terror in the Philippines" to Leslie's Weekly, of which the following is part of an abstract:

"Although General Otis would have us believe that the war in the Philippines is over, I learn from private sources of information of the highest authority that there exists a veritable reign of terror in most parts of the archipelago within a gunshot of our army posts. Either General Otis is blind to the situation or is keeping the real facts from the American public. Aguinaldo's forces have scattered into marauding bands and, leagueing themselves with the mountain tulisanes and ladrones, terrorize the country and effectually check the cultivation of crops and the sale of marketable products.

"The few ports that have been opened have shipped away what little supply they contained, and the tons upon tons of hemp, sugar and rice that are stored in the interior are beyond the reach of buyers. The money paid for the thousands of bales of hemp shipped from garisoned ports has found its way into the insurgent coffers, and the revolutionary juntas at Hongkong and Singapore are making extensive purchases of arms, preparatory to a renewed season of filibustering and general hostilities as soon as the rainy season is over. Our army is busy protecting their ports, while the insurgents carry on their operations in the interior and paralyze agriculture and trade.

"If we ever hope to put an end to this Indian warfare we must send additional forces to the islands. Our present corps is totally inadequate to cope with the situation and bring the war to a close. The island, commercially or otherwise, will be utterly useless until life and property are made safe."

DEADLY TORNADOES

OCCUR IN KANSAS.

At Least Two Persons Known to Be Killed and Much Property Destroyed.

KANSAS CITY, May 7.—Half a dozen distinct tornadoes occurred in Central Kansas, following a day of exceedingly high temperature. Two people are known to have been killed and three injured. Wires are down in the affected districts, making it impossible to accurately sum up the damage done.

A tornado formed a few miles south of Ellinwood and passed over the west portion of the city. At the Cheyenne bottoms, six miles north, it divided in six different directions and destroyed the residences of George and William Helrich. George Helrich and wife were instantly killed. William Helrich, his wife and child were badly hurt. The storm next struck the farm of Carl Schneider, destroying the outbuildings and leaving the dwelling untouched. Further into the country a number of other persons are reported killed or injured. A large amount of stock was killed.

A tornado passed southeast of Larned and struck near Pawnee Rock, three miles distant. Four separate funnel-shaped clouds were reported to have been seen in the direction of Great Bend.

H. H. Gerrish's house, barn and other outbuildings were a mass of ruins. The family luckily was not at home.

The schoolhouse standing near Mr. Gerrish's home was wiped from the face of the earth. John McComb's house was blown down and his granary, barn and windmill reduced to ruins. The family happened to be in the one room which remained standing.

H. H. Corbett's farmhouse a barn and mill were all reduced to very minute pieces; farm machinery was broken and stock killed. No one was at home when the tornado passed.

A. D. Pierce's big hay barn was ruined and other buildings blown to

splinters.

The house in which a Mr. Stone was living was ruined by the wind, but no one hurt. The Presbyterian church in the town is wrecked beyond repair. A brick building was blown down and other damage done.

U. S. AMBASSADOR SPOKE.

Conveyed Congratulations of President McKinley to German Emperor and Crown Prince.

BERLIN, May 7.—The last day of the festivities in connection with the celebration of the coming of age of the crown prince, fittingly capped the climax. A great crowd was out.

About 7 a. m. the two emperors, attended by a gorgeous retinue, were present at a special imperial mass, celebrated by Cardinal Kipp in St. Edwig's church.

From the church both drove to Sieges Allee for the unveiling of the statue of Emperor Sigismund. Then the emperors drove back to the castle, where about 10:30 a. m. Emperor William and the crown prince received the congratulations of the special mission, including that of United States Ambassador White, who made a short speech, using English throughout, which both the emperors and the crown prince understood perfectly, first addressing the emperor and presenting congratulations from President McKinley in pursuance of a telegram received Thursday.

The emperor rejoined in a pleasant speech, saying he was very much gratified, and that the sentiments expressed by President McKinley were cordially reciprocated by both himself and his son.

Mr. White then turned to the crown prince and made another brief speech of the same purport.

Soon after occurred the symbolical services in the castle chapel, whereby the majority of the crown prince was declared, and he took the oath of allegiance.

EX-SECY. ENDICOTT

DIED OF PNEUMONIA.

The Former Member of Cleveland's Cabinet Passed Away at His Home in Boston.

BOSTON, May 7.—William Crowninshield Endicott, secretary of war under President Cleveland's first administration, died at his residence in this city of pneumonia, aged 73 years. Although Mr. Endicott's system had been somewhat enfeebled by an attack of the grip from which he suffered last winter, he had been in apparently good health up to last Wednesday, when he took his customary drive.

Shortly after he was taken ill pneumonia developed, the disease reaching its most acute form Saturday evening, at which time it was feared by the attending physician that the patient could not live through the night. He rallied slightly, however, but during Sunday his respiration gradually grew weaker, and about 5 o'clock he passed peacefully away.

The funeral will be private and burial will be in Salem. Mr. Endicott's daughter, the wife of Joseph Chamberlain, the English secretary of state for the colonies, was notified by cable. Mrs. Endicott was Ellen Peabody, daughter of George Peabody, the philanthropist.

General Silas M. Bailly Dead.

PITTSBURGH, May 7.—General Silas M. Bailly, ex-state treasurer, died at his home in Uniontown after a lingering illness, due chiefly to a terrible wound in the head received in the battle of Gaines' Mills. When he was able to return home to Uniontown to recuperate after that fight he was unable to talk, and not altogether able to think clearly. In the course of a few months he recovered both his speech and his senses and returned to the front. But after the lapse of 38 years this affliction returned to him, precisely as in 1862, and terminated his life. The general recently went to Markleton for treatment, but was only temporarily benefited.

Henry M. Curry Dead.

PITTSBURGH, May 7.—Henry M. Curry, one of the partners in the Carnegie Steel company, died at his home, 4837 Fifth avenue. With the passing of Colonel Herron Pittsburgh loses one of its pioneers and most respected business men. Mr. Curry was nearly 79 years old.

Colonel Herron Dead.

While Webster Davis was speaking in New York one of the audience made an attack on President McKinley and the speaker defended him.

FIRM FOR WESLEYISM.

Constitutional Committee of the
M. E. Church So Stands.

FAVOR RETENTION OF DOCTRINES.

Episcopacy May Be Abandoned, but Articles of Religion Are to Be Kept In Their Purity—A Notable Tribute to the Memory of Moody.

CHICAGO, May 7.—The report of the constitutional commission to the Methodist general conference, which will probably be presented this week, will call for the continued maintenance of the religion of John Wesley.

The episcopacy may be abandoned, and other constitutional features changed, but the articles of religion, the doctrines of the church, are to be retained in their purity. The heretic of the future must leave the church as he has done in the past, but Methodism will not accept any departure from the theology of the fathers.

After an hour of active debate among the delegates to the Methodist general conference Sunday a committee of 15 was appointed to adopt a plan for the union of the Freedman's Aid and Southern Educational society and the Church Extension society, or either of them, with the home department of the Missionary society into one society to be known as the Home Missionary Society of the Methodist Episcopal church. The committee was instructed to report next Friday.

H. L. Thomas, of the Washington conference, introduced a resolution lamenting the death of D. L. Moody, the great evangelist, and praying that another great leader might come forth. It was adopted by a standing vote.

The standing committees of the Methodist Episcopal general conference have been organized as follows, to hold office for four years:

Book Concern—Chairman, Governor Leslie M. Shaw, Iowa; secretary, Charles W. Millard, New York.
Church extension—Chairman, Dr. John Field, Philadelphia; secretary, J. C. Cox, Iowa.
Freedman's Aid and Southern Education—Chairman, Rev. Joseph Pullman, New York; secretary, Reuben S. Lavingood, Texas.
Education—Chairman, Rev. James R. Day, New York; secretary, Ira M. De Long, Colorado.
Sunday schools and tracts—Chairman, Dr. M. H. Hamlin, Illinois; secretary, D. S. Payne, Iowa.

Missions—Chairman, Dr. William F. Oldman, Ohio; secretary, Dr. James Mudge, New England.
State of the church—Chairman, Ex-Governor Robert E. Pattison, Pennsylvania; secretary, Rev. Edward J. Gray, Pennsylvania.

INDIA RELIEF NEEDED

ON A LARGE SCALE.

About 93,500,000 suffering—Present Relief Practically Amounts to Nothing.

LONDON, May 7.—Cholera is strengthening its deadly hold on famine-stricken India. About 93,500,000 persons—for this is the population of the district affected—are sweltering their squalid existence away amid pestilence and misery that shows no sign of abating. Hundreds of thousands of pounds in good British gold, good German marks and American corn have been thrown into the country; but, judging from advice, all this charity is merely a drop in the ocean.

The famine and its attendant complications appear to exceed in virulence any two previous visitations. The viceroy, Lord Curzon, of Kedleston, and the government, are making ceaseless exertions to meet the terrible emergency, but the stupendous difficulties confronting them prevent the present supplying of relief to more than 5,000,000.

In the meantime the native states are dotted with heaps of dead and dying, and the roads are crowded with ghastly bands seeking to escape from the stricken territories, but who, for lack of food and water, mostly succumb in the attempt.

Amos Rusie's Ex-Wife Afraid.

MUNCIE, Ind., May 7.—Mrs. Amos Rusie, divorced wife of the ball player, came home from Indianapolis, and

called the police to guard her home. She says she believes that her husband followed her to Muncie and will try to kill her.

FIRE AMONG SHIPPING.

Mallory Line Pier Burned In New York.
Loss Placed at \$1,000,000.

NEW YORK, May 7.—A fire that started at the river end of the Mallory line steamship pier, at the foot of Maiden lane and the East river, completely destroyed the pier and its valuable contents. The police place the loss at \$1,000,000.

Several barges, which were moored near the pier, were also destroyed, and many rescues of their captains and of the members of the families on board were made. Only one life was lost. The nine-months-old daughter of Captain Charles Loch, of the barge Sherwood, was drowned.

OTIS LEFT MANILA.

The American General Homeward Bound on the Transport Meade.

MANILA, May 7.—The United States transport Meade sailed for the United States, with Major General Otis and his two aides-de-camp on board. The warships in port fired a major general's salute as the steamer raised her anchor.

The governor's launch left the palace carrying General Otis and General MacArthur's staffs to the Meade. The Twentieth and Fourteenth infantries, drawn up on shore in front of the city wall, presented arms, and the bands played "Auld Lang Syne," while a shore battery saluted.

The supreme court judges and many officers called at the palace to bid farewell to General Otis, who kept at work with his accustomed energy until the moment of leaving.

U. S. LEGATION NOT PARTICIPATING.

Negotiations Apparently Being Conducted Through the Turkish Minister.

CONSTANTINOPLE, May 7.—The United States legation is doing nothing in the indemnity matter, which apparently is now forming the subject of direct communication between the Yildiz Kiosk and the Turkish minister in Washington.

Rear Admiral Ahmed Pasha, whom an imperial irade, issued April 25, ordered to proceed to the United States to study the construction of warships, has not left Constantinople.

The sultan has ordered the formation of a committee to raise a fund for the relief of the Indian famine victims.

It is thought this will tend to neutralize the effect of the recent arrests and exile of members of the Young Turkish party.

ATTACKED BY ASHANTIS.

British Governor Reported a Serious Situation In Gold Coast Colony, Africa.

LONDON, May 7.—The colonial office received the following from Sir Frederick Mitchell Hodgson, governor and commander-in-chief of the gold coast colony, dated Kumassi, April 27:

"The situation, I regret to inform you, has changed for the worse. On April 23 a force was sent to clear the rebel forces to the eastward. Four members of the constabulary were killed and a large number of rebels were killed or wounded."

"On April 25 the Ashantis surrounded the town in great force, probably 10,000, and made a determined attack. The Hausas were obliged to evacuate the cantonment and to concentrate around the fort. The engagement lasted four hours. Twenty of our native allies and two Hausas were killed."

"The present occupants of the fort number 358, inclusive of 18 Europeans, six of whom are missionaries. It is necessary that further reinforcements be sent to the gold coast."

BRITISH ACROSS

LITTLE VET RIVER.

Hutton Turned the Boers' Flank and Dashed Across the Stream—Report From Lord Roberts.

LONDON, May 7.—The war office has published the following dispatch from Roberts, dated Little Vet River, Saturday, May 5, 7:15 p. m.: "Marched here today with Pole-Carew's division. Headquarters and Wavell's brigade of the Seventh division are two miles in the rear. Well's brigade of the same division is the same distance to our right."

"The enemy are in considerable strength on the opposite bank of the river. Our guns engaged theirs for some three hours without our being able to force a passage of the river, but shortly before dusk the mounted infantry, under General Hutton, turned the enemy's right, and in a very dashing manner pushed across the river, under heavy shell and musketry fire."

"We are now bivouacking for the night within three miles of Little Vet river. Our casualties, I hope, are not numerous."

"Hamilton was in action yesterday, and succeeded in preventing a junction of the two Boer forces by an executive movement of the Household cavalry, the Twelfth lancers and Kitchener's horse, who charged a body of the enemy and inflicted serious loss."

"The enemy fled, leaving their dead on the field and their wounded to be attended by our doctors."

"MacDonald's Highland brigade dislodged the enemy on the right flank under cover of the naval guns, in which operation the Black Watch distinguished themselves and were very skillfully led."

The British losses were five killed and 25 wounded—mostly Welsh fusiliers. The British took a batch of prisoners, including the Swedish ambulance, which they allowed to return. The Boers, in their hurried retreat, left 13 dead.

Sunday General Paget made a strong demonstration against the Boer position east of the bridge, thereby preventing Boer reinforcements going to assist in checking General Barton's advance.

"Hamilton was advancing this morning to a difficult drift over the Kleinooet river."

"Hunter reports that Barton's brigade was heavily engaged this morning two miles north of Ruidan (Roodan?). The enemy's position was quite four miles long and strongly held. He states that our men marched magnificently and carried ridge after ridge in grand style."

"Casualties in this force, in Hamilton's and Hunter's will be reported as soon as possible."

"Captain Miller, who was taken prisoner near Thaba N'Chu, has been sent to Rundle's camp by the enemy, with a severe wound in the abdomen."

"Brabant reports that one sergeant and three men were captured on May 2 while on patrol, and that one of them, who had been brutally ill-treated and left for dead by the Boers, was found the following day."

"Lieutenant Lilley, Victoria mounted rifles, reported missing, was found at Brandford dangerously wounded, and has been most carefully attended by the Netherlands ambulance."

THABA N'CHU, May 7.—General Rundle, who has been pursuing the Boers with the Seventeenth brigade, two batteries and contingents of the Yeomanry and mounted infantry, succeeded in reaching them with his artillery and forced them to leave their positions."

To Repair Flood Damages.

DENVER, Col., May 7.—According to the most conservative estimate, it will take two weeks to repair the \$200,000 damage wrought on the roadbed of the Colorado and Southern railway in Platte Canon by recent floods.

BANK ROBBERS

MAYBE CAPTURED.

Three Men Suspected of Burglarizing the
East Brady (Pa.) Bank Placed
Under Arrest.

EAST BRADY, May 7.—It is believed that the three men who robbed the East Brady bank have been captured.

S. J. Artman, of Rimersburg, brother-in-law of J. W. Hill, cashier of the burglarized bank, notified the bank by telegraph that he had captured the three men seen at East Brady, and had them in the borough lockup at East Bethlehem. The names given by the men are Michael Hagan, Patrick Hennesey and Thomas Carter. They are rough-appearing characters, between 35 and 45 years of age. Hagan has lost his left arm. The men, it was asserted, will be brought here for investigation today.

It is not yet known whether any of the money or property has been recovered. William Metzger, of East Brady, one of the stockholders of the First National bank, accidentally found almost a bushel basket of papers, insurance policies, deeds and similar documents hid beneath large rocks along the Allegheny river hillside, near Philipston, only a short distance from where the three men were seen by Constable Nasbinder.

None of the money or government bonds were recovered. How the men carried the 300 pounds' weight of currency any great distance is a mystery.

It is now believed that this capture will lead to the restoration of the \$8,000 of currency, specie and government bonds carried away from the exploded bank vault.

Decorating the Teeth.

"It's a curious thing," said the dentist as he caught the end of a nerve on a crochet needle and knotted up a few inches of it in chain stitch, "that, while some people consider gold fillings very disfiguring, more people look upon them as desirable decorations. I have had a great many people come in here and ask me to put gold fillings in perfectly sound front teeth. Of course I wouldn't do it; it wouldn't be professional. A great many colored people want solid gold teeth where there isn't the slightest necessity of having them.

"But the oddest request I've had yet was from a variety actress—vaudeville. I believe you say nowadays—who played here a short time ago. She came in to have a front tooth filled. When I told her that the gold would show a great deal, what on earth do you suppose she asked me? Why, she wanted to know if I couldn't drill the cavity larger and make the filling look not like a mere gold edge, but like the letter 'J.' She told me she was going to marry a man named John, and she thought it would be lovely to have a gold 'J' in her tooth.

"Of course I couldn't do that either. It would not be according to professional ethics. It would be malpractice. But that woman offered me the price of a dozen gold fillings if I'd only make the filling in her tooth look like a 'J.'"

The league at the meeting tonight will elect an official scorer, in addition to the other business transacted.

The Standard team is capable of playing a much better game than they did on Saturday.

"A LITTLE LEAVEN."

The Evangelist Demonstrates the Fact That "A Little Leaven Leaventh the Whole Lump."

This was the topic of Evangelist Duncan MacGregor on Sabbath morning, at the First M. E. church, and the subject was splendidly handled, meeting with the warm approbation of his hearers. The secret of the power of the evangelist rests in the fact that he preaches Christ and Him crucified to the people. His whole aim is apparently the leading of the multitude to the higher and better life, following in the footsteps of the meek and lowly Nazarene.

Congregational singing, led by Chorister Phillis, was a very pleasing feature of the morning service.

Evangelist MacGregor will address the meeting at Y. M. C. A. hall tonight. You have a warm welcome awaiting you.

Ill in Pittsburg.

John G. Quay, who left this city for Colorado several years ago, returned to Pittsburg last week to attend a convention. While in Pittsburg he had several hemorrhages and is very ill in that city. He has a host of friends here who will be pained to hear of his illness and hope for his speedy recovery.

HE QUIT DRINKING.

The Sight of a Drunken Comrade
Saved Him From
the Curse.

Say, drinker and drunkard, you know him well. He resides in this immediate neighborhood and has a host of friends and acquaintances. He is possessed of ample funds and can take life easy. Fifteen years ago he was a moderate drinker and was on the danger line, the overstepping of which means a drunkard's doom. In the transaction of business he was accosted by a friend, the latter being ingloriously drunk and presenting a most disagreeable, disgusting and abhorrent sight. The effect was magical upon our fellow citizen, and he made mental comment:

"Jack is in an awful condition. Is it possible that I may fall to his depth? Will I so lose my will power and self respect as to become a common drunkard and an outcast? Jack was once a noble fellow and made and held friends on every hand, and now he is away down, almost beyond hope. I'll take no chances. God helping me, I'll drink no more."

And he kept his word, and from that day unto this he has been a total abstainer and a successful business man, esteemed and respected on every hand.

The base ball game at Columbian park Saturday afternoon between the Knowles, Taylor & Knowles and Standard teams was well attended, but proved to be a walk over for the K. T. & K. club, which won the game by a score of 19 to 2.

The game opened with K., T. & K. at bat and before they had retired five runs had crossed the plate, on five hits, three passed balls, errors by Campbell and Dailey and two bases on balls.

The Standards drew a goose egg in their half, although McNicol hit to left for a clean single.

In the second K., T. & K. made another run on a double by Winters and a triple by Chadwick, assisted by errors by Davis and Dailey.

The Standards got a man to third in their half on a hit by pitched ball, a stolen base and passed ball. He didn't get any further, as McShane struck out the next three men.

K., T. & K. made three more in the third on two bases on balls, an error by Campbell and a double by Huff.

Standards went out in one, two, three order.

Both teams were shut out in the fourth.

In the fifth K., T. & K. made two on errors by Elkins and Dailey, but the side was retired by the prettiest play of the game. Miller hit a liner back of second which was caught by McNicol after a hard run and McShane was doubled at first.

Standards got another goose egg, and in the sixth K., T. & K. made five more on five hits, two errors by Hancock, one by Dailey, a base on balls and a hit by pitched ball. The Standards again drew a blank.

In the seventh K., T. & K. made another one on three hits and an error by Campbell. The Standards scored two in their half on three hits and an error by Winters.

K., T. & K. made one in the eighth on a two-bagger, a passed ball and an error by Dailey. Standards drew another blank.

K., T. & K. made one in the ninth on an error by Dailey, and the Standards got another blank.

Notes.

The league at the meeting tonight will elect an official scorer, in addition to the other business transacted.

The Standard team is capable of playing a much better game than they did on Saturday.

"A LITTLE LEAVEN."

The Evangelist Demonstrates the Fact That "A Little Leaven Leaveth the Whole Lump."

This was the topic of Evangelist Duncan MacGregor on Sabbath morning, at the First M. E. church, and the subject was splendidly handled, meeting with the warm approbation of his hearers. The secret of the power of the evangelist rests in the fact that he preaches Christ and Him crucified to the people. His whole aim is apparently the leading of the multitude to the higher and better life, following in the footsteps of the meek and lowly Nazarene.

Congregational singing, led by Chorister Phillis, was a very pleasing feature of the morning service.

Evangelist MacGregor will address the meeting at Y. M. C. A. hall tonight. You have a warm welcome awaiting you.

Ill in Pittsburg.

John G. Quay, who left this city for Colorado several years ago, returned to Pittsburg last week to attend a convention. While in Pittsburg he had several hemorrhages and is very ill in that city. HE QUIT DRINKING.

The Sight of a Drunken Comrade
Saved Him From
the Curse.

Say, drinker and drunkard, you know him well. He resides in this immediate neighborhood and has a host of friends and acquaintances. He is possessed of ample funds and can take life easy. Fifteen years ago he was a moderate drinker and was on the danger line, the overstepping of which means a drunkard's doom. In the transaction of business he was accosted by a friend, the latter being ingloriously drunk and presenting a most disagreeable, disgusting and abhorrent sight. The effect was magical upon our fellow citizen, and he made mental comment:

"Jack is in an awful condition. Is it possible that I may fall to his depth? Will I so lose my will power and self respect as to become a common drunkard and an outcast? Jack was once a noble fellow and made and held friends on every hand, and now he is away down, almost beyond hope. I'll take no chances. God helping me, I'll drink no more."

And he kept his word, and from that day unto this he has been a total abstainer and a successful business man, esteemed and respected on every hand.

THREE PEOPLE WERE ARRESTED

Two Men and a Woman Created a Disturbance Near Lyth's Yesterday.

THE EAST LIVERPOOL POLICE

Went to the Rescue and the Two Were Safely Landed In the City Jail.

IT COST THEM EACH \$9.60.

The police of this city went almost to Wellsville yesterday to do business. They were rewarded for their efforts by capturing three people who were violating the law. Yesterday afternoon Constable Thorne and another officer from Wellsville notified Chief Thompson that two men and a woman were drunk and having a first-class noisy time at a house a short distance this side of the Lyth sewer pipe works. Chief Thompson, Officers Mahony and Morris and the two Wellsville policemen took a street car ride to the house in question and arrested David Wallace, H. N. Anderson and Lena Carman. The whole push were very drunk and were creating a disturbance by singing and otherwise enjoying themselves. They were brought to this city and placed in the city jail, and when they faced Mayor Davidson he fined them each \$9.60. They made arrangements to pay and were released.

SOUTH SIDE.

A New School House.

Before the next term of school begins Chester will have a new school building. This was the decision reached by the board of education at the meeting held at A. G. Pugh's office last Saturday. The old building will be sold.

The committee reported favorably on a site on Indiana avenue, a number of lots now owned by Gardner & Hobson. The location has not been made, but it is likely that it will be on the site named or near there. The site is an ideal one, as it is on high and level ground and near the center of population. The building will be two stories high and will have four rooms and the plans will be drawn with a view to making additions should they become necessary, which is likely to be the case within a few years. The probabilities are that the building will be built of brick with stone trimmings and with all modern improvements. Several of the members of the board said they believed this plan would be satisfactory to the majority of the taxpayers of the district.

Got the Money.

Some time ago George W. Hunter left Chester owing Peter Nofcier a board bill contracted while he was working at the pottery. It was learned that Hunter was in New Cumberland, and Thomas Bambrick was sworn in as deputy constable and drove to the county seat armed with the papers necessary to come back with either Hunter or the money. Hunter tried to persuade Mr. Bambrick to allow him to send the money next week, but Tom wouldn't have it that way, insisting that he pay the bill and costs or come back to Chester. He finally paid the bill of \$11.42 and costs, amounting to \$5.

Constable Has Levied.

In the case of A. W. Creese vs. S. D. Caines before Squire W. C. Johnston, judgment was rendered for the plaintiff. Constable R. E. Allison has levied on a boiler belonging to the defendant and will sell the same to satisfy the judgment.

Bills Allowed.

The board of education at their meeting Saturday allowed 20 bills. The total amount ordered paid was about \$250.

Working the Roads.

Road Surveyor A. G. Pugh has a force of men at work this week on the roads in and about Chester.

The First Boiler.

The first boiler for the pottery arrived last week. It is a six-ton boiler and has been placed in position.

Personals.

Mrs. Margaret Edie, of New Cumberland, spent yesterday with her brother, T. R. Cunningham.

Robert Marshall is about ready to move into his new home.

W. P. Davis is assisting Mr. Good for several days.

William Barcaw has had a severe sore throat for several days.

George Morrow, of Pittsburg, was the guest of his brother, Walter, Saturday. They both spent yesterday with their parents at Steubenville.

Want Information.

The Peoples Gas and Electric company, of Peoria, Ill., have written here asking for information in regard to the electric lighting used in this city. A new plant is to be erected at Peoria.

EAST END.

A Good Suggestion.

At the meeting of council tomorrow evening it is probable that Councilman John L. Arnold will suggest that the small street through which Lakes run flows to the Pennsylvania avenue culvert revert to the original property owners. This street is so small that, should council decide to erect a bridge over the run from Pennsylvania avenue to High street, there would be no street there. There is some talk of changing the course of this run and have it come down the hollow below the Dixonville road.

A Partial Record.

Since Assessor Grant McDade has been at work the following is a partial list of his work: During the past year there have been 24 births and but 9 deaths. So far 22 soldiers reside in the suburb, who either served in the civil or Spanish-American wars. The assessor has found many persons who admit they own dogs and bicycles, but as last year's records are not made known now, no estimate as to either an increase or decrease can be obtained.

Received Bad News.

Sunday afternoon Dr. W. E. Mowen received a telegram from Deerfield, Stark county, announcing the serious illness of his father. He left for Deerfield on the afternoon train Saturday. Dr. Mowen is of the opinion his father's illness may prove fatal, as he is 76 years old. Arrangements have been made to have Mr. and Mrs. Mowen reside in East End and their household goods have arrived here. They expected to arrive here tomorrow.

To Establish a Grade.

This week a grade will be established on Boyce street, extending from Pennsylvania avenue to Elm street, and as a result the street will be 18 inches higher than it is at present. Since the street will be graded John Smith will raise his residence four feet. This is the first grade to be established on this street.

Personals.

Mrs. R. J. Marshall and children spent Sunday with relatives in Beaver.

On Saturday the following persons spent the day in Pittsburg: Mr. and Mrs. Joseph Pollock, Mr. and Mrs. David Dowling and Mrs. William H. Kinney.

Among the Sick.

Porter Herbert, a turner at the Laughlin pottery No. 2, is ill at his home on Maple street.

A small son of Mr. and Mrs. Derringer, of Helana, who has been ill for some time, is recovering.

Will He Get It?

Since the residents of this part of the city want a justice of the peace, several persons have been mentioned for the office. Many have said that Grant McDade will be a candidate for the office.

Back to Work.

J. B. Martin, of First avenue, who has been off duty on account of serious illness for several weeks, returned to his work at the new Laughlin pottery this morning.

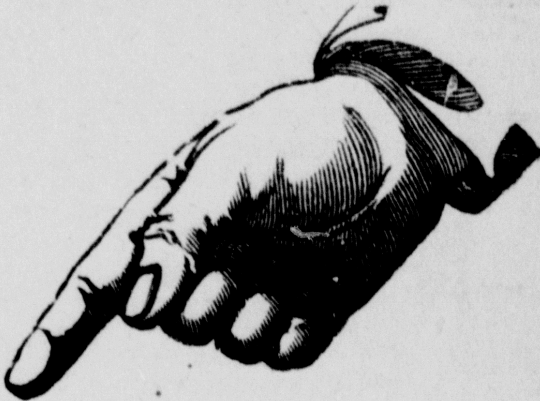

Improvements.

Will Andrews is making some extensive repairs on his residence on First avenue.

At the meeting of council tomorrow evening it is probable that Councilman John L. Arnold will suggest that the small street through which Lakes run flows to the Pennsylvania avenue culvert revert to the original property owners. This street is so small that, should council decide to erect a bridge over the run from Pennsylvania avenue to High street, there would be no street there. There is some talk of changing the course of this run and have it come down the hollow below the Dixonville road.

A Partial Record.

Since Assessor Grant McDade has been at work the following is a partial list of his work: During the past year there have been 24 births and but 9 deaths. So far 22 soldiers reside in the suburb, who either served in the civil or Spanish-American wars. The assessor has found many persons who admit they own dogs and bicycles, but as last year's records are not made known now, no estimate as to either an increase or decrease can be obtained.

Received Bad News.

Sunday afternoon Dr. W. E. Mowen received a telegram from Deerfield, Stark county, announcing the serious illness of his father. He left for Deerfield on the afternoon train Saturday. Dr. Mowen is of the opinion his father's illness may prove fatal, as he is 76 years old. Arrangements have been made to have Mr. and Mrs. Mowen reside in East End and their household goods have arrived here. They expected to arrive here tomorrow.

To Establish a Grade.

This week a grade will be established on Boyce street, extending from Pennsylvania avenue to Elm street, and as a result the street will be 18 inches higher than it is at present. Since the street will be graded John Smith will raise his residence four feet. This is the first grade to be established on this street.

Personals.

Mrs. R. J. Marshall and children spent Sunday with relatives in Beaver.

On Saturday the following persons spent the day in Pittsburg: Mr. and Mrs. Joseph Pollock, Mr. and Mrs. David Dowling and Mrs. William H. Kinney.

Among the Sick.

Porter Herbert, a turner at the Laughlin pottery No. 2, is ill at his home on Maple street.

A small son of Mr. and Mrs. Derlinger, of Helana, who has been ill for some time, is recovering.

Will He Get It?

Since the residents of this part of the city want a justice of the peace, several persons have been mentioned for the office. Many have said that Grant McDade will be a candidate for the office.

Back to Work.

J. B. Martin, of First avenue, who has been off duty on account of serious illness for several weeks, returned to his work at the new Laughlin pottery this morning.

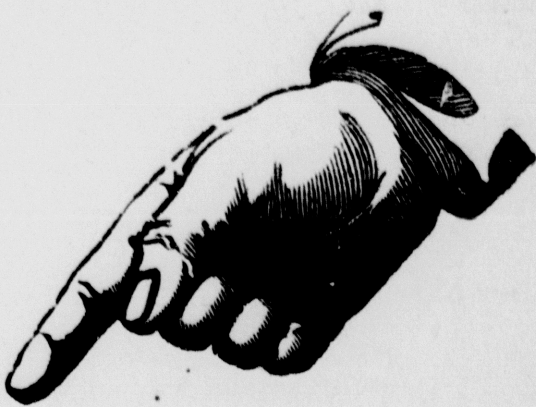

Improvements.

Will Andrews is making some extensive repairs on his residence on First avenue.

MACGREGOR HITS OUT.

Duncan MacGregor, the evangelist, hits out at the liquor traffic straight from the shoulder. He does not believe that the distiller, brewer, saloonkeeper or bartender is a good fellow. He believes that, while engaged in his nefarious traffic, he is a devil in human guise, seeking to destroy the bodies and souls of his fellow men.

SUNDAY EXCURSIONS.

They are simply an infamy, and no man or woman professing Christianity should patronize them. In fact, judging from the conduct on board the boat excursions yesterday from this place and from Wheeling, no self-respecting man or woman should pat-

ronize any such excursions. The party in charge of the excursion from this place desired to advertise the same in the News Review, but the advertisement was refused, and all such advertising will be refused these columns in the future. There should be some legal process by and through which such shameless excursions may be brought under the ban of the law and the projectors thereof, in company with participants therein, be punished to the limit.

THE POLICE RULES.

With an efficient police force, there is no reason why the proposed amendment to the police rules withdrawing the prohibition of officers from entering saloons for the purpose of general observation, should not be adopted, although with an unreliable and inefficient force it is easy to see how such permission might be used to cover violations of duty. Given permission to enter saloons for general observation, the officers will be better able to keep an eye on these places and the proprietors will be more careful in the way their places are conducted. As the rules now stand an officer is actually prohibited from entering a saloon unless with a warrant or when called to suppress existing disorder. The fact that this exactly suits the law breaking saloonkeeper is all the more reason for the amendment.

MOUNTAIN OF FIRE.

A Fine Audience Greeted Evangelist MacGregor at the First M. E. Church.

Evangelist Duncan MacGregor occupied the pulpit of the First M. E. church on Sunday morning and afternoon.

A fine audience was present on each occasion. In the afternoon service, the pastor, Dr. Clark Crawford, had charge, and he made a brief introductory address. Chorister Phillips added to the pleasure of the occasion in the rendering of an appropriate solo. Miss Pearl Sebring delighted the audience in service of song. A trio, composed of Miss Margaret Baxter and Messrs. Foutts and Laughlin made exquisite harmony. The song service was all that could be desired, Miss Goldie Weaver presiding at the organ.

Dr. J. C. Taggart led in prayer, asking God to bless the speaker and to raise up human instrumentalities that should aid in the annihilation of the liquor traffic.

"The Mountain of Fire in American Civilization" was the theme of the eloquent evangelist, and he handled it in a manner which won him the warm commendation of every man and woman present who hates the liquor curse that has its fangs fastened up the very vitals of this great nation. Duncan MacGregor speaks right out in his denunciation of any and every man who is engaged, directly or indirectly, in the liquor traffic, and denounces both Democratic and Republican parties for their coalition with the monster curse of the century, a blight upon our nation and upon Christian civilization.

Mrs. Howard, President of the Woman's Christian Temperance union, accompanied by a large delegation of members of the organization, occupied seats in the center aisle. Mrs. Howard states that the local association is now out of debt and has a live membership of some 88 members.

Resigned His Position.

Ex-Councilman Seckerson has resigned his position as foreman of the decorating department of the Keswick pottery, Fallston, and has returned to the city. He reports that the Keswick is doing well and has plenty of orders.

MAGIC CITY OF CHESTER

The Chester Rolling Mill lands have again been placed on the market. Last fall and summer there were sold out of this company's tract forty-five thousand dollars' worth of property.

Since then the property has not been on the market. It is again offered to the people without any advance in the prices or terms, notwithstanding the fact that since then there has been located in Chester and now in process of erection the following plants: The Taylor, Lee & Smith Pottery company, which will employ 300 hands; The Knowles China company, 200 hands; The C. A. Smith Foundry and Machine company, 50 hands; the Chester Electric Light and Power company and the City Water Works system, which will employ in the neighborhood of from 25 to 30 men, and lastly, but not least of these industries, is the Chester Rolling Mill Company, which will employ 500 men, and be placed in operation early this coming June.

From the above enumerated industries we are insured a city of several thousand people for Chester inside of the coming year, and the person who is fortunate enough to get hold of a few of these lots is bound to make money, as these lots will double in value inside of the coming year.

Our lots are large and our prices low, and terms easy, namely, 10 per cent down and balance to suit the purchaser.

There never was a time in the history of East Liverpool or the Ohio valley which offered such favorable returns on the investment. For further information call on or address J. E. McDonald, who can be found on the property at all times during the day.

BRITISH CAPTURE WINBURG

WAR OFFICE ANNOUNCES ANOTHER VICTORY.

Roberts Reports British Have Captured Boers Stronghold Across the Little Vet River.

London, May 7.—(Special.)—The war office has just received a dispatch from Lord Roberts stating that the British forces this morning captured Winburg.

Winburg is 10 miles across the Little Vet river, which Roberts reported having crossed Saturday, and is 75 miles northeast in a direct line from Bloemfontein, although by the course taken by Pole Carew's division, with which Lord Roberts is marching, the distance is nearly double that.

Winburg is about 125 miles from the Transvaal frontier and 225 from Pretoria. The advance by this line indicates that Roberts hopes to cross the frontier between the Orange Free State and the Transvaal by the eastern passes, forming a junction with Buller's command near Majuba Hill.

Paid For His Joke.

The editor is fond of a joke and has the good sense to appreciate one at his own expense. A few weeks ago he was walking with a friend, and at the corner of a busy thoroughfare he saw a dilapidated looking Hibernian standing at the opposite corner gazing listlessly into vacancy.

"Watch me surprise this old fellow," said he to his friend. "Look right into his face and see if it won't be a study." A second later they were abreast of the son of Erin, and the editor pulled out a silver coin and said as he thrust it into the man's hand: "Here's that half a crown I owe you. Now, don't go round any more telling people that I don't pay my debts."

For a second the man's face was a study. He was amazed at the unlooked for kindness, and then, as its purport dawned on him, he raised his hat and said: "Heaven bless yer 'onner! I'll never say another word ag'in ye. But," and his eyes twinkled merrily, "are ye sure it wasn't a crown ye owed me?"

The friend roared: "Oh, pay the man in full! Don't try to beat him out of a paltry half crown." The Irishman got his crown, but the editor no longer pays his debts at sight now.—London Telegraph.

ROYAL NAMES A HOODOO.

One of the Strongest Superstitions of the English Navy.

One of the very strongest and most ineffaceable of all superstitions in the royal navy, a superstition that is almost as strong today as ever it was, is that vessels bearing the names of royal personages are doomed to ill luck and, strange as it may seem, there is an undeniable historic basis for this feeling.

Some of the most terrible disasters ever known in connection with our navy have concerned war vessels with royal names. Two vessels called the Royal James came to disastrous ends. One of them exploded, and some 800 officers and seamen perished. The other ship so named was actually carried out of the mouth of the Thames by the Dutch Admiral de Ruyter under circumstances disgraceful to those in charge of the craft.

Then there is the forever memorable disaster to the Royal George, an unlucky ship previously, that turned over and sank in sight of crowds at Spithead, over 1,000 souls, among whom were 300 women, being sacrificed. And second only to this hideous disaster is that which afterward befell the Royal Charlotte, which, after a career of much vicissitude, was consumed by fire off Leghorn, over 800 of the very flower of the navy perishing with her.

When in 1893 the Victoria, a new vessel and the very triumph of modern invention so far as naval architecture went, was rammed and sank at once a sight of the whole fleet and when hundreds of lives were lost, there was not a sailor, however matter of fact he might be, who did not remember the dire fate of the royally named craft. These instances are only the greater ones. A score of smaller ones are recalled off by every royal navy man.—Tit-Bits.

It Blossoms Only Once.

There is a century plant in one of the Prospect park greenhouses, New York, which is expected to bloom some time in June, says the Baltimore News. It is being watched with great interest. The flowering stem has already reached a height of 10 feet and will probably grow to a height of 25 feet before the blossom breaks forth. When the flower fades away, the plant will die and be of no more use. The plant was formerly the property of John Hoey of Long Branch.

BRITISH CAPTURE WINBURG

WAR OFFICE ANNOUNCES ANOTHER VICTORY.

Roberts Reports British Have Captured Boers Stronghold Across the Little Vet River.

London, May 7.—(Special.)—The war office has just received a dispatch from Lord Roberts stating that the British forces this morning captured Winburg.

Winburg is 10 miles across the Little Vet river, which Roberts reported having crossed Saturday, and is 75 miles northeast in a direct line from Bloemfontein, although by the course taken by Pole Carew's division, with which Lord Roberts is marching, the distance is nearly double that.

Winburg is about 125 miles from the Transvaal frontier and 225 from Pretoria. The advance by this line indicates that Roberts hopes to cross the frontier between the Orange Free State and the Transvaal by the eastern passes, forming a junction with Buller's command near Majuba Hill.

Paid For His Joke.

The editor is fond of a joke and has the good sense to appreciate one at his own expense. A few weeks ago he was walking with a friend, and at the corner of a busy thoroughfare he saw a dilapidated looking Hibernian standing at the opposite corner gazing listlessly into vacancy.

"Watch me surprise this old fellow," said he to his friend. "Look right into his face and see if it won't be a study." A second later they were abreast of the son of Erin, and the editor pulled out a silver coin and said as he thrust it into the man's hand: "Here's that half a crown I owe you. Now, don't go round any more telling people that I don't pay my debts."

For a second the man's face was a study. He was amazed at the unlooked for kindness, and then, as its purport dawned on him, he raised his hat and said: "Heaven bless yer 'unner! I'll never say another word ag'in ye. But," and his eyes twinkled merrily, "are ye sure it wasn't a crown ye owed me?"

The friend roared: "Oh, pay the man in full! Don't try to beat him out of a paltry half crown." The Irishman got his crown, but the editor no longer pays his debts at sight now.—London Telegraph.

A MATE FOR BRYAN.

Towne Decided Upon by the Fusion Leaders.

CONFERENCE HELD IN CHICAGO.

Johnson, Campan, Butler, Weaver, Pettigrew and Dubois Were Present—Bryan Did Not Attend—Going to His Farm, He Said, For a Rest.

CHICAGO, May 7.—Bryan and Towne—that was the way the probable Democratic, Populist and Lincoln Republican National ticket was framed up as the result of a conference between leaders of the three parties at the Sherman House.

The Populist representatives at the conference were Senator Marion Butler, of South Carolina, chairman of his party's national committee; General J. B. Weaver, of Iowa, and Congressman George Shibly, of Virginia. The Republicans were represented by Senator Pettigrew, of South Dakota, and ex-Senator George Dubois, of Idaho.

The Democratic representatives at the conference were Vice Chairman J. G. Johnson, of the national committee, and Daniel J. Campan, of Detroit, national committeeman from Michigan. Colonel W. J. Bryan was not present.

"I am not interesting myself in the vice presidential nomination," he said. "I have seen the men of the three parties present in the city to-day, but I am not saying anything regarding conferences. I'm going home for a two-months' rest on my farm."

The Populist plan does not contemplate the nomination of Mr. Towne at the national convention this week in Sioux Falls, S. D. The program of the leaders, so far as leaders of the Populists can lay out the work for a convention, contemplates the nomination of Bryan without naming anyone for second place.

The convention, it was stated, will be asked to name a committee to attend the Democratic and Silver Republican conventions in Kansas City. This body will be empowered to ratify the nomination of the two parties, which are expected to agree on a national ticket; but in case of their failure to put up a satisfactory running mate for the Nebraska statesman, it will be authorized to name a Populist candidate.

OPPOSED TO FUSION.

Some Middle-of-the-Road Leaders at Cincinnati, For Convention That Meets Wednesday.

CINCINNATI, May 7.—The advance workers for the national convention of the Middle-of-the-Road Populists, which meets here Wednesday, are all opposed to fusion. J. A. Parker, secretary of the national committee of the Middle-of-the-Roaders, who has been here several weeks arranging for the convention, was joined by many others.

They claim they represent a large majority of the People's party, that in the contests at state conventions the Sioux Falls fusionists carried less than 300 of the 975 delegates, and that the convention at Sioux Falls this week will be one of excursionists with a minority of delegates, as they claim that over two-thirds of the delegates were instructed by their states for the Cincinnati convention, which will "keep in the middle of the road."

They also claim that their call is in accord with the Omaha rule of 1892, excluding all officeholders, and charge that the Sioux Falls convention is in charge of Senators Butler, Pettigrew and other officeholders, the same as Republican and Democratic conventions.

Secretary Parker said in part:

It is well recognized by all people, whether they be Populists or not, that the Cincinnati convention represents the real Populist movement. It is equally well known that the Sioux Falls convention is simply an adjunct to the Democratic party. This accounts for the unanimity with which Populists in every section have repudiated the call for the latter convention and endorsed the Cincinnati movement.

The Sioux Falls convention cannot deliver a vote to Bryan that would go to him as the regular Democratic nominee. Any action that the Sioux Falls convention may take will only embarrass Bryan and give his enemies in the Democratic party a chance to hammer him. He would be much stronger as a thorough Democratic candidate than as a fusion candidate, and if the leaders of the Sioux Falls convention were really for Bryan they would go about the matter in a way to accomplish his election. They would openly join the Democratic party and help to elect its nominees.

But they are not so much for Bryan as they are for themselves, and they are working the fusion racket more with an eye to getting Democratic support for the state and other offices they hold and expect to hold than for any love of Bryan. Why, this idea was boldly argued in the committee on resolutions at Raleigh, in the North Carolina convention, which caused Harry Skinner to attack Senator Butler for his insincerity.

Asked about the charge of Senator

Pettigrew that Senator Hanna was helping the convention, Mr. Parker said it was false.

THE DEWEYS IN MEMPHIS.

Backwoods Tennesseean Presented "Captain Dewey" With Flowers, Which His Little Girls Gathered.

MEMPHIS, May 7.—The celebration in honor of Admiral and Mrs. Dewey began today and extends through tomorrow. Memphis is full of visitors, and nearly every downtown business house is profusely decorated in the national colors.

At South Fork, Tenn., Sunday, en route to this city, where the engine stopped for water, Admiral Dewey was standing alone in the rear of his car when suddenly an old gentleman, evidently a farmer, rode up and asked: "Is Captain Dewey on this train?"

The admiral smiled and replied: "Yes, I am Captain Dewey. What do you want?"

"Are you the fighting man I've heard so much about?"

"Well, yes, I reckon so," replied the Admiral.

"Well, I knew the train would stop here for water," said the farmer, "and my little girls gathered these flowers in the woods for you. We ain't city people, but I thought you'd like them, so I rode over and fetched them to you."

EARLY ADJOURNMENT.

Sentiment in Both Houses For Congress to End Next Month Forecast For the Week.

WASHINGTON, May 7.—The attention of the house this week will be occupied with various miscellaneous matters, except such time as may be devoted to the consideration of conference reports on appropriation bills, which will be given the right of way. The desire for an adjournment early in June makes it absolutely necessary to expedite the supply bills. The most important piece of general legislation to be acted upon during the week will be the amended senate bill to amend the general pension laws.

This bill was amended at the request of prominent G. A. R. officials and is known as the G. A. R. bill. The principal changes it purposes in existing law are provisions for aggregating disabilities and equalizing ratings and to increase the limit of income of widows pensionable under the act of 1890 to \$250. This bill will be placed upon its passage today under suspension of the rules.

TO END BOER WAR.

Teller Will Try to Force His Resolution to Early Vote in the Senate.

WASHINGTON, May 7.—Routine business probably will occupy the greater part of the senate's attention during the present week. The resolution offered by Mr. Teller expressing sympathy for the Boers and a desire that the government extend to both Great Britain and the South African republics its friendly offices in bringing the present war to a close may be called up today. It is the intention of the Colorado senator to press his resolution to an early vote. It probably will be referred to the committee on foreign relations, but Mr. Teller will insist that it be reported in some form at an early date.

Mr. Hale, either today or tomorrow, will bring forward the naval appropriation bill.

On Thursday the Montana senatorial case will be called up, but it will not be allowed to interfere with the consideration of the appropriation bills. It is the undoubted purpose of the senate leaders to bring about an adjournment early in June, the first week, if possible, and unless the unexpected should happen, nothing will be permitted to delay adjournment before the middle of June.

WEATHER FORECAST.

Ohio and Western Pennsylvania—Showers today and probably tomorrow; winds mostly fresh northeasterly.

West Virginia—Showers and thunderstorms today and probably tomorrow; cooler Monday in northwest half; variable winds.

GARCIA IS CAPTURED.

Rebel, Next In Authority to Aguinaldo, a Prisoner.

REIGN OF TERROR IN ISLANDS.

Former Consul Wildman Asserts He Has Such Information From Private Sources. Marauding Bands Sweep Interior—The U. S. Force Too Small to Keep Order.

MANILA, May 7.—General Fantelen Garcia, the highest insurgent officer except Aguinaldo, was captured by Lieutenant H. V. Smith, of General Funston's staff, in the town of Jaen, three miles northeast of San Isidro, province of New Ecija.

NEW YORK, May 7.—Edwin Wildman, former vice consul at Hongkong, contributes an article on "A Reign of Terror in the Philippines" to Leslie's Weekly, of which the following is part of an abstract:

"Although General Otis would have us believe that the war in the Philippines is over, I learn from private sources of information of the highest authority that there exists a veritable reign of terror in most parts of the archipelago within a gunshot of our army posts. Either General Otis is blind to the situation or is keeping the real facts from the American public. Aguinaldo's forces have scattered into marauding bands and, leagueing themselves with the mountain tulisanes and ladrones, terrorize the country and effectually check the cultivation of crops and the sale of marketable products.

"The few ports that have been opened have shipped away what little supply they contained, and the tons upon tons of hemp, sugar and rice that are stored in the interior are beyond the reach of buyers. The money paid for the thousands of bales of hemp shipped from garisoned ports has found its way into the insurgent coffers, and the revolutionary juntas at Hongkong and Singapore are making extensive purchases of arms, preparatory to a renewed season of filibustering and general hostilities as soon as the rainy season is over. Our army is busy protecting their ports, while the insurgents carry on their operations in the interior and paralyze agriculture and trade.

"If we ever hope to put an end to this Indian warfare we must send additional forces to the islands. Our present corps is totally inadequate to cope with the situation and bring the war to a close. The island, commercially or otherwise, will be utterly useless until life and property are made safe."

DEADLY TORNADOES

OCCUR IN KANSAS.

At Least Two Persons Known to Be Killed and Much Property Destroyed.

KANSAS CITY, May 7.—Half a dozen distinct tornadoes occurred in Central Kansas, following a day of exceedingly high temperature. Two people are known to have been killed and three injured. Wires are down in the affected districts, making it impossible to accurately sum up the damage done.

A tornado formed a few miles south of Ellinwood and passed over the west portion of the city. At the Cheyenne bottoms, six miles north, it divided in six different directions and destroyed the residences of George and William Helrich. George Helrich and wife were instantly killed. William Helrich, his wife and child were badly hurt. The storm next struck the farm of Carl Schneider, destroying the outbuildings and leaving the dwelling untouched. Further into the country a number of other persons are reported killed or injured. A large amount of stock was killed.

A tornado passed southeast of Larned and struck near Pawnee Rock, three miles distant. Four separate funnel-shaped clouds were reported to have been seen in the direction of Great Bend.

H. H. Gerrish's house, barn and other outbuildings were a mass of ruins. The family luckily was not at home.

The schoolhouse standing near Mr. Gerrish's home was wiped from the face of the earth. John McComb's house was blown down and his granary, barn and windmill reduced to ruins. The family happened to be in the one room which remained standing.

H. H. Corbett's farmhouse a barn and mill were all reduced to very minute pieces; farm machinery was broken and stock killed. No one was at home when the tornado passed.

A. D. Pierce's big hay barn was ruined and other buildings blown to

splinters. The house in which a Mr. Stone was living was ruined by the wind, but no one hurt. The Presbyterian church in the town is wrecked beyond repair. A brick building was blown down and other damage done.

U. S. AMBASSADOR SPOKE.

Conveyed Congratulations of President McKinley to German Emperor and Crown Prince.

BERLIN, May 7.—The last day of the festivities in connection with the celebration of the coming of age of the crown prince, fittingly capped the climax. A great crowd was out.

About 7 a. m. the two emperors, attended by a gorgeous retinue, were present at a special imperial mass, celebrated by Cardinal Kipp in St. Edwig's church.

From the church both drove to Sieges Allee for the unveiling of the statue of Emperor Sigismund. Then the emperors drove back to the castle, where about 10:30 a. m. Emperor William and the crown prince received the congratulations of the special mission, including that of United States Ambassador White, who made a short speech, using English throughout, which both the emperors and the crown prince understand perfectly, first addressing the emperor and presenting congratulations from President McKinley in pursuance of a telegram received Thursday.

The emperor rejoined in a pleasant speech, saying he was very much gratified, and that the sentiments expressed by President McKinley were cordially reciprocated by both himself and his son.

Mr. White then turned to the crown prince and made another brief speech of the same purport.

Soon after occurred the symbolical services in the castle chapel, whereby the majority of the crown prince was declared, and he took the oath of allegiance.

EX-SECY. ENDICOTT

DIED OF PNEUMONIA.

The Former Member of Cleveland's Cabinet Passed Away at His Home in Boston.

BOSTON, May 7.—William Crowninshield Endicott, secretary of war under President Cleveland's first administration, died at his residence in this city of pneumonia, aged 73 years. Although Mr. Endicott's system had been somewhat enfeebled by an attack of the grip from which he suffered last winter, he had been in apparently good health up to last Wednesday, when he took his customary drive.

Shortly after he was taken ill pneumonia developed, the disease reaching its most acute form Saturday evening, at which time it was feared by the attending physician that the patient could not live through the night. He rallied slightly, however, but during Sunday his respiration gradually grew weaker, and about 5 o'clock he passed peacefully away.

The funeral will be private and burial will be in Salem. Mr. Endicott's daughter, the wife of Joseph Chamberlain, the English secretary of state for the colonies, was notified by cable. Mrs. Endicott was Ellen Peabody, daughter of George Peabody, the philanthropist.

General Silas M. Bailey Dead.

PITTSBURGH, May 7.—General Silas M. Bailey, ex-state treasurer, died at his home in Uniontown after a lingering illness, due chiefly to a terrible wound in the head received in the battle of Gaines' Mills. When he was able to return home to Uniontown to recuperate after that fight he was unable to talk, and not altogether able to think clearly. In the course of a few months he recovered both his speech and his senses and returned to the front. But after the lapse of 38 years this affliction returned to him, precisely as in 1862, and terminated his life. The general recently went to Markleton for treatment, but was only temporarily benefited.

Henry M. Curry Dead.

PITTSBURGH, May 7.—Henry M. Curry, one of the partners in the Carnegie Steel company, died at the Hotel Traymore, Atlantic City, where he had gone a couple of weeks ago in the vain hope of prolonging his life, which the physicians and his family were aware was near a close. His death was not unexpected, and his wife, seven children and one brother were at his bedside when the end came. He was 53 years old.

Colonel Herron Dead.

PITTSBURGH, May 7.—Colonel William Anderson Herron, of the firm of W. A. Herron & Sons, died at his home, 4837 Fifth avenue. With the passing of Colonel Herron Pittsburgh loses one of its pioneers and most respected business men. Mr. Herron was nearly 79 years old.

While Webster Davis was speaking in New York one of the audience made an attack on President McKinley and the speaker defended him.

Weaver, of Iowa, and Congressman George Shibly, of Virginia. The Republicans were represented by Senator Pettigrew, of South Dakota, and ex-Senator George Dubois, of Idaho.

The Democratic representatives at the conference were Vice Chairman J. G. Johnson, of the national committee, and Daniel J. Campan, of Detroit, national committeeman from Michigan. Colonel W. J. Bryan was not present.

"I am not interesting myself in the vice presidential nomination," he said. "I have seen the men of the three parties present in the city to-day, but I am not saying anything regarding conferences. I'm going home for a two-months' rest on my farm."

The Populist plan does not contemplate the nomination of Mr. Towne at the national convention this week in Sioux Falls, S. D. The program of the leaders, so far as leaders of the Populists can lay out the work for a convention, contemplates the nomination of Bryan without naming anyone for second place.

The convention, it was stated, will be asked to name a committee to attend the Democratic and Silver Republican conventions in Kansas City. This body will be empowered to ratify the nomination of the two parties, which are expected to agree on a national ticket; but in case of their failure to put up a satisfactory running mate for the Nebraska statesman, it will be authorized to name a Populist candidate.

OPPOSED TO FUSION.

Some Middle-of-the-Road Leaders at Cincinnati, For Convention That Meets Wednesday.

CINCINNATI, May 7.—The advance workers for the national convention of the Middle-of-the-Road Populists, which meets here Wednesday, are all opposed to fusion. J. A. Parker, secretary of the national committee of the Middle-of-the-Roaders, who has been here several weeks arranging for the convention, was joined by many others.

They claim they represent a large majority of the People's party, that in the contests at state conventions the Sioux Falls fusionists carried less than 300 of the 975 delegates, and that the convention at Sioux Falls this week will be one of excursionists with a minority of delegates, as they claim that over two-thirds of the delegates were instructed by their states for the Cincinnati convention, which will "keep in the middle of the road."

They also claim that their call is in accord with the Omaha rule of 1892, excluding all officeholders, and charge that the Sioux Falls convention is in charge of Senators Butler, Pettigrew and other officeholders, the same as Republican and Democratic conventions.

Secretary Parker said in part:

It is well recognized by all people, whether they be Populists or not, that the Cincinnati convention represents the real Populist movement. It is equally well known that the Sioux Falls convention is simply an adjunct to the Democratic party. This accounts for the unanimity with which Populists in every section have repudiated the call for the latter convention and endorsed the Cincinnati movement.

The Sioux Falls convention cannot deliver a vote to Bryan that would not go to him as the regular Democratic nominee. Any action that the Sioux Falls convention may take will only embarrass Bryan and give his enemies in the Democratic party a chance to hammer him. He would be much stronger as a thorough Democratic candidate than as a fusion candidate, and if the leaders of the Sioux Falls convention were really for Bryan they would go about the matter in a way to accomplish his election. They would openly join the Democratic party and help to elect its nominees.

But they are not so much for Bryan as they are for themselves, and they are working the fusion racket more with an eye to getting Democratic support for the state and other offices they hold and expect to hold than for any love of Bryan. Why, this idea was boldly argued in the committee on resolutions at Raleigh, in the North Carolina convention, which caused Harry Skinner to attack Senator Butler for his insincerity.

Asked about the charge of Senator

Pettigrew that Senator Hanna was helping the convention, Mr. Parker said it was false.

THE DEWEYS IN MEMPHIS.

Backwoods Tennesseean Presented "Captain Dewey" With Flowers, Which His Little Girls Gathered.

MEMPHIS, May 7.—The celebration in honor of Admiral Dewey began today and extends through tomorrow. Memphis is full of visitors, and nearly every downtown business house is profusely decorated in the national colors.

At South Fork, Tenn., Sunday, en route to this city, where the engine stopped for water, Admiral Dewey was standing alone in the rear of his car when suddenly an old gentleman, evidently a farmer, rode up and asked: "Is Captain Dewey on this train?"

The admiral smiled and replied: "Yes, I am Captain Dewey. What do you want?"

"Are you the fighting man I've heard so much about?"

"Well, yes, I reckon so," replied the Admiral.

"Well, I knew the train would stop here for water," said the farmer, "and my little girls gathered these flowers in the woods for you. We ain't city people, but I thought you'd like them, so I rode over and fetched them to you."

EARLY ADJOURNMENT.

Sentiment in Both Houses For Congress to End Next Month's Session For the Week.

WASHINGTON, May 7.—The attention of the house this week will be occupied with various miscellaneous matters, except such time as may be devoted to the consideration of conference reports on appropriation bills, which will be given the right of way. The desire for an adjournment early in June makes it absolutely necessary to expedite the supply bills. The most important piece of general legislation to be acted upon during the week will be the amended senate bill to amend the general pension laws.

This bill was amended at the request of prominent G. A. R. officials and is known as the G. A. R. bill. The principal changes it purposes in existing law are provisions for aggregating disabilities and equalizing ratings and to increase the limit of income of widows pensionable under the act of 1890 to \$250. This bill will be placed upon its passage today under suspension of the rules.

TO END BOER WAR.

Teller Will Try to Force His Resolution to Early Vote in the Senate.

WASHINGTON, May 7.—Routine business probably will occupy the greater part of the senate's attention during the present week. The resolution offered by Mr. Teller expressing sympathy for the Boers and a desire that the government extend to both Great Britain and the South African republics its friendly offices in bringing the present war to a close may be called up today. It is the intention of the Colorado senator to press his resolution to an early vote. It probably will be referred to the committee on foreign relations, but Mr. Teller will insist that it be reported in some form at an early date.

Mr. Hale, either today or tomorrow, will bring forward the naval appropriation bill.

On Thursday the Montana senatorial case will be called up, but it will not be allowed to interfere with the consideration of the appropriation bills. It is the undoubted purpose of the senate leaders to bring about an adjournment early in June, the first week, if possible, and unless the unexpected should happen, nothing will be permitted to delay adjournment before the middle of June.

WEATHER FORECAST.

GARCIA IS CAPTURED.

Rebel, Next In Authority to Aguinaldo, a Prisoner.

REIGN OF TERROR IN ISLANDS.

Former Consul Wildman Asserts He Has Such Information From Private Sources. Marauding Bands Sweep Interior—The U. S. Force Too Small to Keep Order.

MANILA, May 7.—General Fantelen Garcia, the highest insurgent officer except Aguinaldo, was captured by Lieutenant H. V. Smith, of General Funston's staff, in the town of Jaen, three miles northeast of San Isidro, province of New Ecija.

NEW YORK, May 7.—Edwin Wildman, former vice consul at Hongkong, contributes an article on "A Reign of Terror in the Philippines" to Leslie's Weekly, of which the following is part of an abstract:

"Although General Otis would have us believe that the war in the Philippines is over, I learn from private sources of information of the highest authority that there exists a veritable reign of terror in most parts of the archipelago within a gunshot of our army posts. Either General Otis is blind to the situation or is keeping the real facts from the American public. Aguinaldo's forces have scattered into marauding bands and, leaguely themselves with the mountain tulisanes and ladrones, terrorize the country and effectually check the cultivation of crops and the sale of marketable products.

"The few ports that have been opened have shipped away what little supply they contained, and the tons upon tons of hemp, sugar and rice that are stored in the interior are beyond the reach of buyers. The money paid for the thousands of bales of hemp shipped from garisoned ports has found its way into the insurgent coffers, and the revolutionary juntas at Hongkong and Singapore are making extensive purchases of arms, preparatory to a renewed season of filibustering and general hostilities as soon as the rainy season is over. Our army is busy protecting their ports, while the insurgents carry on their operations in the interior and paralyze agriculture and trade.

"If we ever hope to put an end to this Indian warfare we must send additional forces to the islands. Our present corps is totally inadequate to cope with the situation and bring the war to a close. The island, commercially or otherwise, will be utterly useless until life and property are made safe."

DEADLY TORNADOES

OCUR IN KANSAS.

At Least Two Persons Known to Be Killed and Much Property Destroyed.

KANSAS CITY, May 7.—Half a dozen distinct tornadoes occurred in Central Kansas, following a day of exceedingly high temperature. Two people are known to have been killed and three injured. Wires are down in the affected districts, making it impossible to accurately sum up the damage done.

A tornado formed a few miles south of Ellinwood and passed over the west portion of the city. At the Cheyenne bottoms, six miles north, it divided in six different directions and destroyed the residences of George and William Helrich. George Helrich and wife were instantly killed. William Helrich, his wife and child were badly hurt. The storm next struck the farm of Carl Schneider, destroying the outbuildings and leaving the dwelling untouched. Further into the country a number of other persons are reported killed or injured. A large amount of stock was killed.

A tornado passed southeast of Larned and struck near Pawnee Rock, three miles distant. Four separate funnel-shaped clouds were reported to have been seen in the direction of Great Bend.

H. H. Gerrish's house, barn and other outbuildings were a mass of ruins. The family luckily was not at home.

The schoolhouse standing near Mr. Gerrish's home was wiped from the face of the earth. John McComb's house was blown down and his granary, barn and windmill reduced to ruins. The family happened to be in the one room which remained standing.

H. H. Corbett's farmhouse, barn and mill were all reduced to very minute pieces; farm machinery was broken and stock killed. No one was at home when the tornado passed.

A. D. Pierce's big hay barn was ruined and other buildings blown to

splinters.

The house in which a Mr. Stone was living was ruined by the wind, but no one hurt. The Presbyterian church in the town is wrecked beyond repair. A brick building was blown down and other damage done.

U. S. AMBASSADOR SPOKE.

Conveyed Congratulations of President McKinley to German Emperor and Crown Prince.

BERLIN, May 7.—The last day of the festivities in connection with the celebration of the coming of age of the crown prince, fittingly capped the climax. A great crowd was out.

About 7 a. m. the two emperors, attended by a gorgeous retinue, were present at a special imperial mass, celebrated by Cardinal Kipp in St. Edwig's church.

From the church both drove to Sieges Allee for the unveiling of the statue of Emperor Sigismund. Then the emperors drove back to the castle, where about 10:30 a. m. Emperor William and the crown prince received the congratulations of the special mission, including that of United States Ambassador White, who made a short speech, using English throughout, which both the emperors and the crown prince understand perfectly, first addressing the emperor and presenting congratulations from President McKinley in pursuance of a telegram received Thursday.

The emperor rejoined in a pleasant speech, saying he was very much gratified, and that the sentiments expressed by President McKinley were cordially reciprocated by both himself and his son.

Mr. White then turned to the crown prince and made another brief speech of the same purport.

Soon after occurred the symbolical services in the castle chapel, whereby the majority of the crown prince was declared, and he took the oath of allegiance.

EX-SECY. ENDICOTT

DIED OF PNEUMONIA.

The Former Member of Cleveland's Cabinet Passed Away at His Home in Boston.

BOSTON, May 7.—William Crowninshield Endicott, secretary of war under President Cleveland's first administration, died at his residence in this city of pneumonia, aged 73 years. Although Mr. Endicott's system had been somewhat enfeebled by an attack of the grip from which he suffered last winter, he had been in apparently good health up to last Wednesday, when he took his customary drive.

Shortly after he was taken ill pneumonia developed, the disease reaching its most acute form Saturday evening, at which time it was feared by the attending physician that the patient could not live through the night. He rallied slightly, however, but during Sunday his respiration gradually grew weaker, and about 5 o'clock he passed peacefully away.

The funeral will be private and burial will be in Salem. Mr. Endicott's daughter, the wife of Joseph Chamberlain, the English secretary of state for the colonies, was notified by cable. Mrs. Endicott was Ellen Peabody, daughter of George Peabody, the philanthropist.

General Silas M. Bailey Dead.

PITTSBURGH, May 7.—General Silas M. Bailey, ex-state treasurer, died at his home in Uniontown after a lingering illness, due chiefly to a terrible wound in the head received in the battle of Gaines' Mills. When he was able to return home to Uniontown to recuperate after that fight he was unable to talk, and not altogether able to think clearly. In the course of a few months he recovered both his speech and his senses and returned to the front. But after the lapse of 38 years this affliction returned to him, precisely as in 1862, and terminated his life. The general recently went to Markleton for treatment, but was only temporarily benefited.

Henry M. Curry Dead.

PITTSBURGH, May 7.—Henry M. Curry, one of the partners in the Carnegie Steel company, died at the Hotel Traymore, Atlantic City, where he had gone a couple of weeks ago in the vain hope of prolonging his life, which the physicians and his family were aware was near a close. His death was not unexpected, and his wife, seven children and one brother were at his bedside when the end came. He was 53 years old.

Colonel Herron Dead.

PITTSBURGH, May 7.—Colonel William Anderson Herron, of the firm of W. A. Herron & Sons, died at his home, 4837 Fifth avenue. With the passing of Colonel Herron Pittsburg loses one of its pioneers and most respected business men. Mr. Herron was nearly 79 years old.

While Webster Davis was speaking in New York one of the audience made an attack on President McKinley and the speaker defended him.

FIRM FOR WESLEYISM.

Constitutional Committee of the
M. E. Church So Stands.

FAVOR RETENTION OF DOCTRINES.

Episcopacy May Be Abandoned, but Articles of Religion Are to Be Kept in Their Purity—A Notable Tribute to the Memory of Moody.

CHICAGO, May 7.—The report of the constitutional commission to the Methodist general conference which will probably be presented this week, will call for the continued maintenance of the religion of John Wesley.

The episcopacy may be abandoned, and other constitutional features changed, but the articles of religion, the doctrines of the church, are to be retained in their purity. The heretic of the future must leave the church as he has done in the past, but Methodism will not accept any departure from the theology of the fathers.

After an hour of active debate among the delegates to the Methodist general conference Sunday a committee of 15 was appointed to adopt a plan for the union of the Freedman's Aid and Southern Educational society and the Church Extension society, or either of them, with the home department of the Missionary society into one society to be known as the Home Missionary Society of the Methodist Episcopal church. The committee was instructed to report next Friday.

H. L. Thomas, of the Washington conference, introduced a resolution lamenting the death of D. L. Moody, the great evangelist, and praying that another great leader might come forth. It was adopted by a standing vote.

The standing committees of the Methodist Episcopal general conference have been organized as follows, to hold office for four years:

Book Concern—Chairman, Governor Leslie M. Shaw, Iowa; secretary, Charles W. Millard, New York.

Church extension—Chairman, Dr. John Field, Philadelphia; secretary, J. C. Cox, Iowa.

Freedmen's Aid and Southern Education—Chairman, Rev. Joseph Pullman, New York; secretary, Reuben S. Lavingood, Texas.

INDIA RELIEF NEEDED ON A LARGE SCALE.

About 93,500,000 Suffering—Present Relief Practically Amounts to Nothing.

LONDON, May 7.—Cholera is strengthening its deadly hold on famine-stricken India. About 93,500,000 persons—for this is the population of the district affected—are sweltering their squalid existence away amid pestilence and misery that shows no sign of abating. Hundreds of thousands of pounds in good British gold, good German marks and American corn have been thrown into the country; but, judging from advices, all this charity is merely a drop in the ocean.

The famine and its attendant complications appear to exceed in virulence any two previous visitations. The viceroy, Lord Curzon, of Kedleston, and the government, are making ceaseless exertions to meet the terrible emergency, but the stupendous difficulties confronting them prevent the present supplying of relief to more than 5,000,000.

In the meantime the native states are dotted with heaps of dead and dying, and the roads are crowded with ghastly bands seeking to escape from the stricken territories, but who, for lack of food and water, mostly succumb in the attempt.

Amos Rusie's Ex-Wife Afraid.
MUNCIE, Ind., May 7.—Mrs. Amos Rusie, divorced wife of the ball player, came home from Indianapolis, and

called the police to guard her home. She says she believes that her husband followed her to Muncie and will try to kill her.

FIRE AMONG SHIPPING.

Mallory Line Pier Burned In New York.
Loss Placed at \$1,000,000.

NEW YORK, May 7.—A fire that started at the river end of the Mallory line steamship pier, at the foot of Maiden lane and the East river, completely destroyed the pier and its valuable contents. The police place the loss at \$1,000,000.

Several barges, which were moored near the pier, were also destroyed, and many rescues of their captains and of the members of the families on board were made. Only one life was lost. The nine-months-old daughter of Captain Charles Loch, of the barge Sherwood, was drowned.

OTIS LEFT MANILA.

The American General Homeward Bound on the Transport Meade.

MANILA, May 7.—The United States transport Meade sailed for the United States, with Major General Otis and his two aides-de-camp on board. The warships in port fired a major general's salute as the steamer raised her anchor.

The governor's launch left the palace carrying General Otis' and General MacArthur's staffs to the Meade. The Twentieth and Fourteenth infantries, drawn up on shore in front of the city wall, presented arms, and the bands played "Auld Lang Syne," while a shore battery saluted.

The supreme court judges and many officers called at the palace to bid farewell to General Otis, who kept at work with his accustomed energy until the moment of leaving.

U. S. LEGATION NOT PARTICIPATING.

Negotiations Apparently Being Conducted Through the Turkish Minister.

CONSTANTINOPLE, May 7.—The United States legation is doing nothing in the indemnity matter, which apparently is now forming the subject of direct communication between the Yildiz Kiosk and the Turkish minister in Washington.

Rear Admiral Ahmed Pasha, whom an imperial irade, issued April 25, ordered to proceed to the United States to study the construction of warships, has not left Constantinople.

The sultan has ordered the formation of a committee to raise a fund for the relief of the Indian famine victims.

It is thought this will tend to neutralize the effect of the recent arrests and exile of members of the Young Turkish party.

ATTACKED BY ASHANTIS.

British Governor Reported a Serious Situation in Gold Coast Colony, Africa.

LONDON, May 7.—The colonial office received the following from Sir Frederic Mitchell Hodgson, governor and commander-in-chief of the gold coast colony, dated Kumassi, April 27:

"The situation, I regret to inform you, has changed for the worse. On April 23 a force was sent to clear the rebel forces to the eastward. Four members of the constabulary were killed and a large number of rebels were killed or wounded."

"On April 25 the Ashantis surrounded the town in great force, probably 10,000, and made a determined attack. The Hausas were obliged to evacuate the cantonment and to concentrate around the fort. The engagement lasted four hours. Twenty of our native allies and two Hausas were killed."

"The present occupants of the fort number 358, inclusive of 18 Europeans, six of whom are missionaries. It is necessary that further reinforcements be sent to the gold coast."

BRITISH ACROSS

LITTLE VET RIVER.

Hutton Turned the Boers' Flank and Dashed Across the Stream—Report From Lord Roberts.

LONDON, May 7.—The war office has published the following dispatch from Roberts, dated Little Vet River, Saturday, May 5, 7:15 p. m.: "Marched here today with Pole-Carew's division. Headquarters and Wavell's brigade of the Seventh division are two miles in the rear. Well's brigade of the same division is the same distance to our right."

"The enemy are in considerable strength on the opposite bank of the river. Our guns engaged theirs for some three hours without our being able to force a passage of the river, but shortly before dusk the mounted infantry, under General Hutton, turned the enemy's right, and in a very dashing manner pushed across the river, under heavy shell and musketry fire."

"We are now bivouacking for the night within three miles of Little Vet river. Our casualties, I hope, are not numerous."

"Hamilton was in action yesterday, and succeeded in preventing a junction of the two Boer forces by an executive movement of the Household cavalry, the Twelfth lancers and Kitchener's horse, who charged a body of the enemy and inflicted serious loss."

"The enemy fled, leaving their dead on the field and their wounded to be attended by our doctors."

"MacDonald's Highland brigade dislodged the enemy on the right flank under cover of the naval guns, in which operation the Black Watch distinguished themselves and were very skilfully led."

The British losses were five killed and 25 wounded—mostly Welsh fusiliers. The British took a batch of prisoners, including the Swedish ambulance, which they allowed to return. The Boers, in their hurried retreat, left 13 dead.

Sunday General Paget made a strong demonstration against the Boer position east of the bridge, thereby preventing Boer reinforcements going to assist in checking General Barton's advance.

"Hamilton was advancing this morning to a difficult drift over the Kleinoet river."

"Hunter reports that Barton's brigade was heavily engaged this morning two miles north of Ruidan (Roodian?). The enemy's position was quite four miles long and strongly held. He states that our men marched magnificently and carried ridge after ridge in grand style. "Casualties in this force, in Hamilton's and Hunter's will be reported as soon as possible."

"Captain Miller, who was taken prisoner near Thaba N'Chu, has been sent to Rundle's camp by the enemy, with a severe wound in the abdomen."

"Brabant reports that one sergeant and three men were captured on May 2 while on patrol, and that one of them, who had been brutally ill-treated and left for dead by the Boers, was found the following day."

"Lieutenant Lilley, Victoria mounted rifles, reported missing, was found at Brandford dangerously wounded, and has been most carefully attended by the Netherlands ambulance."

THABA N'CHU, May 7.—General Rundle, who has been pursuing the Boers with the Seventeenth brigade, two batteries and contingents of the Yeomanry and mounted infantry, succeeded in reaching them with his artillery and forced them to leave their positions.

FIRM FOR WESLEYISM.

Constitutional Committee of the
M. E. Church So Stands.

FAVOR RETENTION OF DOCTRINES.

Episcopacy May Be Abandoned, but Articles of Religion Are to Be Kept In Their Purity—A Notable Tribute to the Memory of Moody.

CHICAGO, May 7.—The report of the constitutional commission to the Methodist general conference which will probably be presented this week, will call for the continued maintenance of the religion of John Wesley.

The episcopacy may be abandoned, and other constitutional features changed, but the articles of religion, the doctrines of the church, are to be retained in their purity. The heretic of the future must leave the church as he has done in the past, but Methodism will not accept any departure from the theology of the fathers.

After an hour of active debate among the delegates to the Methodist general conference Sunday a committee of 15 was appointed to adopt a plan for the union of the Freedman's Aid and Southern Educational society and the Church Extension society, or either of them, with the home department of the Missionary society into one society to be known as the Home Missionary Society of the Methodist Episcopal church. The committee was instructed to report next Friday.

H. L. Thomas, of the Washington conference, introduced a resolution lamenting the death of D. L. Moody, the great evangelist, and praying that another great leader might come forth. It was adopted by a standing vote.

The standing committees of the Methodist Episcopal general conference have been organized as follows, to hold office for four years:

Book Concern—Chairman, Governor Leslie M. Shaw, Iowa; secretary, Charles W. Millard, New York.

Church extension—Chairman, Dr. John Field, Philadelphia; secretary, J. C. Cox, Iowa. Freeman's Aid and Southern Education—Chairman, Rev. Joseph Pullman, New York; secretary, Reuben S. Lavingood, Texas.

Education—Chairman, Rev. James R. Day, New York; secretary, Ira M. De Long, Colorado.

Sunday schools and tracts—Chairman, Dr. M. H. Hammit, Illinois; secretary, D. S. Payne, Iowa.

Missions—Chairman, Dr. William E. Oldman, Ohio; secretary, Dr. James Mudge, New England.

State of the church—Chairman, Ex-Governor Robert E. Pattison, Pennsylvania; secretary, Rev. Edward J. Gray, Pennsylvania.

Temporal economy—Chairman, Dr. J. M. King, Philadelphia; secretary, Prof. Solon M. Bronson, Illinois.

Episcopacy—Chairman, Dr. J. M. Buckley, New York; secretary, Dr. J. W. E. Bowers, Atlanta.

Epworth League—Chairman, Professor Roy S. Copeland, Michigan; secretary, Dr. L. Irving Penn, Georgia.

Revival—Chairman, Dr. J. E. Sawyer, New York; secretary, Charles A. Goss, Nebraska.

Temperance—Chairman, Dr. Samuel Dickie, Michigan; secretary, Dr. J. W. Rashford, Ohio.

Itinerary—Chairman, Professor Samuel Upham, New Jersey; secretary, Abram B. Deck, New York.

Boundaries—Chairman, one of the bishops; secretary, not yet elected.

INDIA RELIEF NEEDED

ON A LARGE SCALE.

About 93,500,000 suffering—Present Relief Practically Amounts to Nothing.

LONDON, May 7.—Cholera is strengthening its deadly hold on famine-stricken India. About 93,500,000 persons—for this is the population of the district affected—are sweltering in their squalid existence away amid pestilence and misery that shows no sign of abating. Hundreds of thousands of pounds in good British gold, good German marks and American corn have been thrown into the country; but, judging from advice, all this charity is merely a drop in the ocean.

The famine and its attendant complications appear to exceed in virulence any two previous visitations. The viceroy, Lord Curzon, of Kedleston, and the government, are making ceaseless exertions to meet the terrible emergency, but the stupendous difficulties confronting them prevent the present supplying of relief to more than 5,000,000.

In the meantime the native states are dotted with heaps of dead and dying, and the roads are crowded with ghastly bands seeking to escape from the stricken territories, but who, for lack of food and water, mostly succumb in the attempt.

Amos Rusie's Ex-Wife Afraid.

MUNCIE, Ind., May 7.—Mrs. Amos Rusie, divorced wife of the ball player, came home from Indianapolis, and

called the police to guard her home. She says she believes that her husband followed her to Muncie and will try to kid her.

FIRE AMONG SHIPPING.

Mallory Line Pier Burned In New York.
Loss Placed at \$1,000,000.

NEW YORK, May 7.—A fire that started at the river end of the Mallory line steamship pier, at the foot of Maiden lane and the East river, completely destroyed the pier and its valuable contents. The police place the loss at \$1,000,000.

Several barges, which were moored near the pier, were also destroyed, and many rescues of their captains and of the members of the families on board were made. Only one life was lost. The nine-months-old daughter of Captain Charles Loch, of the barge Sherwood, was drowned.

OTIS LEFT MANILA.

The American General Homeward Bound on the Transport Meade.

MANILA, May 7.—The United States transport Meade sailed for the United States, with Major General Otis and his two aides-de-camp on board. The warships in port fired a major general's salute as the steamer raised her anchor.

The governor's launch left the palace carrying General Otis' and General MacArthur's staffs to the Meade. The Twentieth and Fourteenth infantries, drawn up on shore in front of the city wall, presented arms, and the bands played "Auld Lang Syne," while a shore battery saluted.

The supreme court judges and many officers called at the palace to bid farewell to General Otis, who kept at work with his accustomed energy until the moment of leaving.

U. S. LEGATION NOT PARTICIPATING.

Negotiations Apparently Being Conducted Through the Turkish Minister.

CONSTANTINOPLE, May 7.—The United States legation is doing nothing in the indemnity matter, which apparently is now forming the subject of direct communication between the Yildiz Kiosk and the Turkish minister in Washington.

Rear Admiral Ahmed Pasha, whom an imperial irade, issued April 25, ordered to proceed to the United States to study the construction of warships, has not left Constantinople.

The sultan has ordered the formation of a committee to raise a fund for the relief of the Indian famine victims.

It is thought this will tend to neutralize the effect of the recent arrests and exile of members of the Young Turkish party.

ATTACKED BY ASHANTIS.

British Governor Reported a Serious Situation In Gold Coast Colony, Africa.

LONDON, May 7.—The colonial office received the following from Sir Frederick Mitchell Hodgson, governor and commander-in-chief of the gold coast colony, dated Kumassi, April 27:

"The situation, I regret to inform you, has changed for the worse. On April 23 a force was sent to clear the rebel forces to the eastward. Four members of the constabulary were killed and a large number of rebels were killed or wounded."

"On April 25 the Ashantis surrounded the town in great force, probably 10,000, and made a determined attack. The Hausas were obliged to evacuate the cantonment and to concentrate around the fort. The engagement lasted four hours. Twenty of our native allies and two Hausas were killed."

"The present occupants of the fort number 358, inclusive of 18 Europeans, six of whom are missionaries. It is necessary that further reinforcements be sent to the gold coast."

BRITISH ACROSS

LITTLE VET RIVER.

Hutton Turned the Boers' Flank and Dashed Across the Stream—Report From Lord Roberts.

LONDON, May 7.—The war office has published the following dispatch from Roberts, dated Little Vet River, Saturday, May 5, 7:15 p. m.: "Marched here today with Pole-Carew's division. Headquarters and Wavell's brigade of the Seventh division are two miles in the rear. Well's brigade of the same division is the same distance to our right."

"The enemy are in considerable strength on the opposite bank of the river. Our guns engaged theirs for some three hours without our being able to force a passage of the river, but shortly before dusk the mounted infantry, under General Hutton, turned the enemy's right, and in a very dashing manner pushed across the river, under heavy shell and musketry fire."

"We are now bivouacking for the night within three miles of Little Vet river. Our casualties, I hope, are not numerous."

"Hamilton was in action yesterday, and succeeded in preventing a junction of the two Boer forces by an executive movement of the Household cavalry, the Twelfth lancers and Kitchener's horse, who charged a body of the enemy and inflicted serious loss."

"The enemy fled, leaving their dead on the field and their wounded to be attended by our doctors."

"MacDonald's Highland brigade dislodged the enemy on the right flank under cover of the naval guns, in which operation the Black Watch distinguished themselves and were very skilfully led."

The British losses were five killed and 25 wounded—mostly Welsh fusiliers. The British took a batch of prisoners, including the Swedish ambulance, which they allowed to return. The Boers, in their hurried retreat, left 13 dead.

BANK ROBBERS

MAYBE CAPTURED.

Three Men Suspected of Burglarizing the
East Brady (Pa.) Bank Placed
Under Arrest.

EAST BRADY, May 7.—It is believed that the three men who robbed the East Brady bank have been captured.

S. J. Artman, of Rimersburg, brother-in-law of J. W. Hill, cashier of the burglarized bank, notified the bank by telegraph that he had captured the three men seen at East Brady, and had them in the borough lockup at East Bethlehem. The names given by the men are Michael Hagan, Patrick Hennessey and Thomas Carter. They are rough-appearing characters, between 35 and 45 years of age. Hagan has lost his left arm. The men, it was asserted, will be brought here for investigation today.

It is not yet known whether any of the money or property has been recovered. William Metzger, of East Brady, one of the stockholders of the First National bank, accidentally found almost a bushel basket of papers, insurance policies, deeds and similar documents hid beneath large rocks along the Allegheny river hillside, near Phillipston, only a short distance from where the three men were seen by Constable Nasbinder.

None of the money or government bonds were recovered. How the men carried the 300 pounds' weight of currency any great distance is a mystery.

It is now believed that this capture will lead to the restoration of the \$8,000 of currency, specie and government bonds carried away from the exploded bank vault.

Decorating the Teeth.

"It's a curious thing," said the dentist as he caught the end of a nerve on a crochet needle and knotted up a few inches of it in chain stitch. "that, while some people consider gold fillings very disfiguring, more people look upon them as desirable decorations. I have had a great many people come in here and ask me to put gold fillings in perfectly sound front teeth. Of course I wouldn't do it; it wouldn't be professional. A great many colored people want solid gold teeth where there isn't the slightest necessity of having them."

"But the oddest request I've had yet was from a variety actress—vaudeville, I believe you say nowadays—who played here a short time ago. She came in to have a front tooth filled. When I told her that the gold would show a great deal, what on earth do you suppose she asked me? Why, she wanted to know if I couldn't drill the cavity larger and make the filling look not like a mere gold edge, but like the letter 'J.' She told me she was going to marry a man named John, and she thought it would be lovely to have a gold 'J' in her tooth."

"Of course I couldn't do that either. It would not be according to professional ethics. It would be malpractice. But that woman offered me the price of a dozen gold fillings if I'd only make the filling in her tooth look like a 'J.'"

The Bear goes north loaded with supplies, which will be given to the Point Barrow Indians as a reward for their services in aiding the Bear expedition during the efforts to rescue the whalers.

Plants Not Running.

JOLIET, Ill., May 7.—The converter and billet mills of the Illinois Steel company's plant here were closed indefinitely, as the result of the closing of the American Steel and Wire company's mills. The steel company's rod mills closed about two weeks ago for the same reason. About 2,500 men are idle.

BANK ROBBERS

MAYBE CAPTURED.

Three Men Suspected of Burglarizing the
East Brady (Pa.) Bank Placed
Under Arrest.

EAST BRADY, May 7.—It is believed that the three men who robbed the East Brady bank have been captured.

S. J. Artman, of Rimersburg, brother-in-law of J. W. Hill, cashier of the burglarized bank, notified the bank by telegraph that he had captured the three men seen at East Brady, and had them in the borough lockup at East Bethlehem. The names given by the men are Michael Hagan, Patrick Hennessey and Thomas Carter. They are rough-appearing characters, between 35 and 45 years of age. Hagan has lost his left arm. The men, it was asserted, will be brought here for investigation today.

It is not yet known whether any of the money or property has been recovered. William Metzger, of East Brady, one of the stockholders of the First National bank, accidentally found almost a bushel basket of papers, insurance policies, deeds and similar documents hid beneath large rocks along the Allegheny river hillside, near Phillipston, only a short distance from where the three men were seen by Constable Nasbinder.

None of the money or government bonds were recovered. How the men carried the 300 pounds' weight of currency any great distance is a mystery.

It is now believed that this capture will lead to the restoration of the \$8,000 of currency, specie and government bonds carried away from the exploded bank vault.

Decorating the Teeth.

"It's a curious thing," said the dentist as he caught the end of a nerve on a crochet needle and knotted up a few inches of it in chain stitch. "that, while some people consider gold fillings very disfiguring, more people look upon them as desirable decorations. I have had a great many people come in here and ask me to put gold fillings in perfectly sound front teeth. Of course I wouldn't do it; it wouldn't be professional. A great many colored people want solid gold teeth where there isn't the slightest necessity of having them."

"But the oddest request I've had yet was from a variety actress—vaudeville. I believe you say nowadays—who played here a short time ago. She came in to have a front tooth filled. When I told her that the gold would show a great deal, what on earth do you suppose she asked me? Why, she wanted to know if I couldn't drill the cavity larger and make the filling look not like a mere gold edge, but like the letter 'J.' She told me she was going to marry a man named John, and she thought it would be lovely to have a gold 'J' in her tooth."

"Of course I couldn't do that either. It would not be according to professional ethics. It would be malpractice. But that woman offered me the price of a dozen gold fillings if I'd only make the filling in her tooth look like a 'J.'" —Washington Post.

Plants Not Running.

JOLIET, Ill., May 7.—The converter and billet mills of the Illinois Steel company's plant here were closed indefinitely, as the result of the closing of the American Steel and Wire company's mills. The steel company's rod mills closed about two weeks ago for the same reason. About 2,500 men are idle.
